5. There must be at least three Stewards for every meeting. Each Steward may appoint a deputy at any time.

They have power, under exceptional circumstances, to abandon the meeting, or to abandon any race, or to postpone any race to the following day or days in the current week: Provided, always that all the races originally advertised in any day shall be included in that day's programme on the official card, and that the meeting is not extended further than one day beyond the day originally allotted to that feature.

Should the Stewards authorise the abandonment of or postponement of any race, or vary it in any way, the postponement or abandonment shall be reported to the Registry Office at the earliest opportunity.

11. They have power to punish at their discretion any person subject to their control with a fine not exceeding £500, and with suspension from acting or riding at the same meeting, and to report to the Stewards of the Jockey Club, should they consider any further fine or punishment necessary. Any jockey so suspended shall not ride in any race there or elsewhere during the continuance of the meeting.

12. The Stewards have power to determine all questions arising in reference to racing at the meeting, subject to appeal under Part XXIII., and should no decision have been arrived at by the Stewards, within seven days of an objection being lodged, the Clerk of the Course shall then report the case to the Stewards of the Jockey Club, who may at their discretion decide the matter, and, if they consider there has been any negligence, may order any additional expense arising therefrom to be defrayed out of the funds of the meeting at which the case occurred.

13. The Stewards have power to call for proof that a horse is neither itself disqualified in any respect nor nominated by, nor the property, wholly or in part, of a disqualified person; and in default of such proof being given to their satisfaction they may declare the horse disqualified.

They have also power, in cases of emergency or expediency, to modify or to suspend any Rule or Regulation, for such period or periods as they shall think fit, without giving previous notice, but should they do so they shall report the fact in the two subsequent issues of the Sheet Calendar.

18. The Stewards of the Jockey Club take no cognisance of any disputes or claims with respect to bets, but they will give effect to an official report of default made to them by the Committee of Tattersall's.

## **PART IV.**

### **OFFICIALS.**

19. The following officials shall be appointed for every meeting, subject to the approval of the Stewards, viz., Clerk of the Course, Handicapper, Stakeholder, Clerk of the Scales, Starter, and Judge, each of whom, as a qualification for his office, requires a licence to be granted annually by the Stewards of the Jockey Club. No two offices, except those of Clerk of the Course and Stakeholder, shall be held by one person unless by special permission. Racecourse Gatekeepers and Checktakers employed at more than one Meeting also require an annual licence from the Stewards of the Jockey Club.

A horse may appear on the card in the name of the owner instead of that of the nominator, and the Stewards may, under special cir-

cumstances, grant permission for a horse to run in the name of the trainer. The Clerk of the Course shall, in such latter case, make a report to the Registry Office stating the grounds upon which the permission was granted.

The Clerk of the Course shall see that at all meetings where a charge is made for the admission of the public to the Paddock all horses running at the Meeting shall be brought into the Paddock, and the attendants be provided with badges bearing numbers corresponding with those on the card. In the case of any horse not being brought into the Paddock or a badge not being exhibited, the trainer shall be reported to the Stewards. Permission may be given by the Stewards, in exceptional circumstances, for a horse to be saddled away from the Paddock, but this shall not carry with it exemption from being brought into the Paddock after being saddled.

24. The Clerk of the Course shall make a return to the Registry Office of any Deputy Steward or official appointed, of all complaints to and decisions of the Stewards, of all fines inflicted, and of all horses sold or claimed, and these matters will be published in the next available "Racing Calendar" unless otherwise ordered by the Stewards of the Jockey Club.

25. The Clerk of the Course shall have in his possession, for the information of the Stewards, a list of persons warned off Newmarket Heath, and of suspended jockeys, and also a copy of the latest Monthly Forfeit List, and he shall not allow any horse which, or the owner or nominator of which, is in the Forfeit List to start for any race.

### **HANDICAPPER.**

28. The Stakeholder shall not allow a jockey to be weighed out for any horse until such horse's stake for that race, and the forfeits for every horse belonging to the same owner or standing in his name, the jockey's fee, and any arrears claimed under these rules, have been paid, or the Stakeholder shall himself be liable: Provided that he shall not be liable for arrears

In respect of a meeting elsewhere than the place at which the race is run, unless notice of such arrears being overdue has been published in the Forfeit List, or delivered in writing, signed by the party claiming the arrears, to him, and to the person indebted, before ten in the evening preceding the race.

29. The Stakeholder shall at the expiration of fifteen days after the meeting render an account and pay over all stakes and added money to the persons entitled

## CLERK OF THE SCALES.

33. The Clerk of the Scales shall always put 2lb extra into the scale to prove that the horse has not carried too much weight.

34. He shall at the close of each day's racing send a return to the Registry Office of the weights carried in every race and the names of the jockeys, specifying overweight, if any.

## THE STARTER.

35. All races shall be started by a Starting Gate approved by the Stewards of the Jockey Club. The Starter shall give all orders necessary for securing a fair start. The horses must be started, as far as possible, in a line, but they may be started at such reasonable distance behind the starting post as the Starter thinks necessary. By special permission of the Stewards of the Jockey Club or, in case of emergency, of the Stewards of the Meeting, or the Starter, a race may be started without a Gate. After the starter has called over the names of the runners, and has assigned the horses the places drawn by lot (see Rule 138), he shall give orders for a white flag to be raised.

36. (i) Should the Starter consider that through any faulty action of the Starting Gate, a fair start has not been effected, he shall declare it "no start," and order the jockeys by means of a re-call flag, to return to the post. The Starter's decision on this point shall be final.

(ii) A start in front of the starting post, or on a wrong course, or before the appointed time, is

void, and the horses must be started again as soon as practicable, but in the event of any horse running the course from a false start, or from a void start, the owner may, with the consent of the Stewards, withdraw his horse from the race; the horse shall, nevertheless, be considered as having started.

37. The Starter has power to inflict a fine, not exceeding 10 svs, on any jockey who misconducts himself at the post, and should a jockey be so fined, the Starter shall report the fact at once to the Stewards. He shall also report to the Stewards any jockey who refuses to obey his commands in any respect whatever.

38. The Starter shall report to the Stewards the time at which each race was started, and by whom, or by what cause, any delay was occasioned. He shall also report to the Stewards, for transmission to the Registry Office, all cases in which the Starting Gate is dispensed with, and the reason therefor.

## THE JUDGE.

39. The Judge, or his authorised substitute, must occupy the judges' box at the time the horses pass the winning post. He must announce his decision immediately and such decision shall be final, unless an objection to the winner, or any placed horse, is made and sustained. Providing that this rule shall not prevent a Judge from correcting any mistake such correction being subject to confirmation by the Stewards.

40. The Judge shall, at the close of each day's racing, sign and send a report of the result of each race to the Registry Office.

## PART V.

42. The conditions of every race before closing, and the full programme of every meeting, before it takes place, must be advertised in the "Racing Calendar," and no alteration can be made in the conditions of any race after the last advertisement.

43. The last rule shall not preclude the addition of more money to a race before the time of closing or of a new race to the programme of a meeting subsequent to the publication of the last Calendar issued previous to the meeting being held.

44. The Stewards of the Jockey Club may at their discretion prohibit the advertisement of any race or meeting in the "Racing Calendar," or call upon the Stewards to alter or expunge any conditions, even after advertisement.

45. At every Meeting advertised in the "Racing Calendar," one-half at least of the total amount guaranteed for prizes shall be apportioned to races of a mile or over for three year olds or up-

47. The programme of each day shall be subject to the following regulations (except under exceptional circumstances as provided for in Rule 7).

(i) There shall be two races of a mile or upwards of the minimum aggregate distance of two miles and a half. These races must differ at least one furlong in distance, and they shall fill with five entries. Neither of these races shall be open to two year olds, and one of them shall be neither a handicap nor a race with selling conditions.

(ii) There shall not be more than two races, to which three year olds and upwards are admitted, of less than seven furlongs, and of these two races only one may be less than six furlongs.

51. When no day is fixed for a race, it shall be run on the last day of the meeting unless otherwise agreed by all the parties engaged and sanctioned by the Stewards.

### **APPRENTICESHIP.**

55. All lads who have, of their own free will, entered themselves bound themselves to a licensed trainer, and have been admitted to their apprenticeship, to claim 5lb allowance in all races, except in races confined to apprentices. No apprentice can claim this allowance after the expiration of three years (of 365 days each) from the day of winning his first race in any country, or after he

has won forty races, but this allowance shall not be forfeited where an apprentice who rode in an original dead-heat again rides in the deciding heat. No allowance can be claimed under this Rule except for lads under 21 years of age, and duly apprenticed to a licensed trainer carrying on his business in the United Kingdom.

59. If the owner of a horse is claimed if the price be not paid before seven o'clock in the evening of the day of the race, the claimant forfeits his right. But the owner may insist on the claimant making and paying for the horse, and if he refuses or neglects to do

so he shall be treated as a defaulter in respect of the price.

59. If a horse walk over (or there be no second horse placed, for a selling race, the winner is still liable to be sold, but any surplus above the selling price will go to the fund.

60. The foregoing rules relating to claiming and selling races, in cases where the horse placed first is objected to are subject, when practicable to the following provisions:

(i) If an objection be made before the horse has been sold the time for selling and claiming shall be fixed by the Stewards.

(ii) Where the objection is made and sustained after the horse has been sold or bought in, the sale or buying in, and any claim in respect of the horse placed second, shall be annulled, and all moneys paid thereunder returned. The horse disqualified shall be liable to be claimed as a beaten horse, and the Stewards shall fix a time for the exercise of such right of claiming, and a time and place for the sale of the horse adjudged to be the winner.

Should the Stewards find the above provisions impracticable, they shall make a report to the Registry Office.

(iii) In the case of a dead-heat, the time for claiming or selling is postponed until the dead-heat is run off. In case of a division, each of the horses dividing is a winner for the purpose of the rules relating to claiming and selling; and if an auction race, both shall be put up to auction, and any surplus shall be divided, half to go between those horses, and half to the race fund.

61. In all other races with selling conditions only such horses as run to be sold shall be liable to be sold or claimed; but with this exception, and the allowance to apprentices, the foregoing Rules relating to selling races shall apply.

They may also require any further proof or confirmation in any particular case, and may declare any horse disqualified in default thereof.

The certificate of age must be signed by a veterinary surgeon in the United Kingdom, approved for this purpose by the Stewards of the Jockey Club, either by general order or in the particular case, but no veterinary surgeon shall issue a certificate in respect of a horse of which he is himself the owner or trainer.

## FORM OF ENTRY OR NOMINATION.

77. Entries shall be made in writing, signed by the owner of the horse, or his authorised agent, and declarations of forfeit in like manner by the owner of the engagement, or his authorised agent, subject to the Rules relating to sales with engagements. An entry made by telegram shall be equally binding, but, unless it is confirmed in writing before the jockey is weighed out, the owner shall be fined 5 sovs. Declarations of forfeits made by telegram are binding, but shall be confirmed in writing, or the forfeit shall not be saved. The above confirmations must be made as soon as possible, and if the Stewards consider that there has been any unnecessary delay they may inflict a fine.

78. A horse cannot be entered in this book if any person as its owner, trainer, or agent, or property in the horse is at least equal to that of any other one person.

79. The entry shall be in the name or assumed name, of one person, and shall state the name of the owner, the name of the horse, if registered, or his description, according to Rule 11, and be registered.

In the case of the National Stud nominations subscriptions and entries shall be made in the name of the Director of the National Stud for the time being as if he were the owner, and such nominations, subscriptions, and entries shall become void on the death of the Director in whose name they were made.

For all nominations the Director must have the name of the owner of the horse entered under

the same liabilities as an owner, and shall have power to appoint an authorised agent to act on his behalf.

80. In entering a horse whose name has not been registered, it shall be described by stating the age, the colour (when possible), and whether a horse, mare, or gelding, and the registered or Stud Book names or description of its sire and dam. If the dam was covered by more than one stallion the names of all must be stated. In all cases such pedigree and description must be given as will clearly distinguish the horse entered from all other horses, and if the pedigree of the sire or dam be unknown, such further particulars must be given as to where, when, and from whom it was purchased, or obtained, as will identify it.

81. Whenever the name under which a horse has run at any recognised meeting in any country is changed, or abandoned, his old name, as well as his new name or description must be given in every entry until the change has been published in two Monthly Calendars or the Book Calendar. And a fee of £5 paid.

82. No alteration or addition shall be made in any entry after the time fixed for closing, except in cases expressly sanctioned by these Rules.

83. In cases hereinafter mentioned any accidental error, or violation of Rules affecting entries, may be corrected on payment of a fine of not less than 5 svs, provided always that the Stewards are satisfied that there has been no fraud, and in the case of an omission under Rule 80, that the horse's identity is clearly proved.

(1) Incorrect or imperfect description according to the Rules of entry.

(2) Omission to register partnerships, etc., according to Rule 94.

(3) Omission to renew the annual registration of authority to act.

If any such error or omission be not corrected, or the horse struck out, within seven days after the error has been officially brought to the knowledge of the owner, or his agent, or if any horse runs without the prescribed correction having been made, the Stewards of the Jockey Club may inflict fines upon, or otherwise deal with, any persons responsible for such error.

84. When subsequently to the time fixed for closing, a registered name has been published for any horse entered, the entry may be amended by inserting such name in addition to the name or description given in the original entry.

85. A subscriber to a race may transfer the right of entry under his subscription to any other person.

86. Subscriptions and all entries or rights of entry under them, become void on the death of the subscriber, and entries (except such as are made under another person's subscription), become void on the death of the person in whose name they are made, unless a transfer of engagements has been registered under Rule 91 (ii).

87. If either party to a match die the match is off.

88. An acceptance of the weight

for a free handicap shall be considered as equivalent to an entry, but if the horse be wrongly described the acceptance shall be void.

89. In making an entry for a produce race, the produce is entered by specifying the dam and sire, or sires.

90. No horse shall be considered as struck out of any of his engagements, until the owner, or some duly authorised person, shall have given notice in writing, or by telegraph to be confirmed in writing, at the Registry Office or to the Clerk of the Course where the horse is engaged.

The notification of the death of a horse shall be equivalent to a declaration of forfeit.

## PART X.

### SALE WITH ENGAGEMENTS.

91. (i) When a horse is sold with his engagements, or any part of them, the seller cannot strike the horse out of any such engagements, and on default of the purchaser, remains liable for the amount of the forfeits in each (unless a transfer of the nominator's liability has been registered under Part II of this Rule), but should the horse, or his owner, appear in the Forfeit List, the seller may, at any time before the horse's name is removed from the list, strike the horse out of any engagement, if he can by this means reduce his liability. An engagement in a private Sweepstakes, Match, or Post race cannot be transferred.

(ii). When yearlings, foals, or brood mares (with engagements in produce races) are sold or leased with engagements, such engagements shall be transferred to the purchaser or lessee, who, from the date of such sale or lease, shall be constituted the nominator under these Rules. The transfer must be signed by both parties, or their authorised agents, and lodged at the Registry Office within 30 days of the date of the sale or lease. Entries so transferred shall not be void on the death of the original nominator, but shall be void on the death of the person to whose name they have been transferred.

A horse is not qualified to run for any such engagement unless the transfer has been duly registered.

Note. — The following are known and recognised as "Lord Exeter's Conditions":

"The horses are sold without their engagements, but the purchaser has the right of running for any of them by paying half the stake, and in the event of the horse winning, or being entitled to second or third money, one-third shall be paid to the vendor, but the vendor reserves to himself the right of striking the horse out of any race, in time to save a minor forfeit or discount, unless the purchaser shall give notice that he wishes to run for any particular race, when he will become liable for half the stake or forfeit. Horses purchased

under Lord Exeter's conditions cannot be resold under the same conditions without the written consent of the original vendor."

92. Sales, with engagements, by private treaty, must be registered, to entitle either seller or purchaser to avail himself of the conditions of the preceding Rule; but when a horse, two years old or upwards, is sold by public auction or claimed out of a selling race, the advertised conditions of either the race or sale are sufficient evidence. If certain engagements only be specified, those only are sold with the horse.

## PART XI.

### ASSUMED NAMES AND PARTNERSHIPS.

93. No owner shall make use of an assumed name for the purpose of entering or running horses, and any horse entered under an assumed name shall be disqualified.

### PARTNERSHIPS, ETC.

94. All partnerships and the name and address of every person having any interest in a horse, the relative proportions of such interest and the terms of any sale with contingencies, lease, or arrangement, must be signed by all the parties, or their authorised agents, and lodged at the Registry Office, or with the Clerk of the Course for transmission to the Registry Office. The document shall state with whom the power of entry or declaration of forfeit rests, and all partners shall be jointly and severally liable for every stake or forfeit. No part owner shall assign his share or any part thereof in a horse without the consent of his partners. A fee of 1 sv shall be paid on each horse, and all partnerships, sales with contingencies, or leases, shall be published in the next available Racing Calendar. Any termination or severance must be notified within fourteen days to the Registry Office for publication, or a second fee will be incurred.

If a horse is entered for any race without such registration having been lodged, the omission may be corrected under Rule 83 at any time before the horse's number is exhibited for that race, provided that the Stewards are satisfied that the omission was accidental.

If a horse starts for a race without such registration having been lodged, he shall be disqualified, unless it be proved to the satisfaction of the Stewards that the omission was accidental, in which case the person responsible shall be fined not less than 5 svs.

## PART XII.

### TRAINERS, JOCKEYS, STABLE LADS, &c.

95. (i) No jockey shall ride in any race until he shall have obtained a licence from the Stewards of the Jockey Club, except an apprentice, who, provided he has never ridden before as a licensed jockey, may ride for one week without a licence. No lad shall be granted a licence as an apprentice who has previously ridden as a full jockey under recognised Rules of any country.

Licences must be applied for annually, with full name and address, at

the Registry Office, and will only be granted on the condition that a jockey is not an owner of any racehorse.

(ii) Any person who shall employ a jockey in contravention of this Rule shall be liable to be fined by the Stewards of the Jockey Club.

(iii) A list of the licensed jockeys shall be published annually in the Racing Calendar.

(iv) Every jockey shall pay 1 sov. and every apprentice, 10s. for his license, to be applied at his subscription to the Bontinck Benevolent and Provident Fund.

96. (i) No jockey whose licence has been withdrawn, or refused, on the ground of misconduct, will be eligible to ride trials, or be allowed in any weighing-room, stand, or enclosure, during the time his suspension from riding continues.

(vi) If a jockey becomes a disqualified person, his licence is thereby revoked.

#### JOCKEYS' RETAINERS.

97. In the absence of special agreement, a jockey's retainer terminates at the end of the racing season. Half the agreed retaining fee must be paid in advance, and the remainder at the termination of the retainer.

98. Every jockey at the termination of his apprenticeship is free to form engagements for himself, irrespective of any which have been made for him during such apprenticeship.

The terms of all agreements shall be registered, and a fee of 5s. paid.

99. Employers retaining the same jockey have precedence according to the priority of their retainers.

100. The Stewards of the Jockey Club may adjudicate between persons claiming the services of any jockey, and on disputes between jockeys and their employers, and have power to cancel any agreement between them.

#### JOCKEYS' FEES.

101. In the absence of special agreement to ride for a lower sum, the fee to a winning jockey shall be £5 5s., and to a losing jockey £3 3s., and no further charge shall be made except when requested to leave home for the purpose of riding, in which case the cost of travelling expenses, and £1 a day for living, shall be charged to the owner, or divided between the owners at whose request he left home.

(a) In the case of a dead-heat, if the owners divide, each jockey shall be paid a winning fee. In case of a run-off, no additional fee shall be paid; but when either horse is ridden by a fresh jockey the rider on each occasion is entitled to the prescribed fee.

All jockeys' fees shall be paid to the Stakeholder at the same time as the stakes.

Every jockey sending in a charge for expenses at a meeting shall state at the same time what charge has been made to other owners for attending the same meeting.

#### TRAINERS AND STABLE LAD.

102. (i) Every trainer of a horse running under these Rules must obtain an annual licence from the Stewards of the Jockey Club, and pay a yearly subscription of 1

sov. to the Bontinck Benevolent Fund.

Any trainer running a horse without having obtained such a licence shall be fined, or be made a disqualified person, at the discretion of the Stewards of the Jockey Club.

N.B.—This rule applies only to trainers in Great Britain.

(ii) No trainer shall engage any stable servant who has previously been in a training stable without referring to his last employer and receiving a satisfactory reply in writing.

Any trainer infringing this Rule and continuing to employ such servant after notice has been served on him by the late employer, or through the Registry Office, shall be reported to the Stewards of the Jockey Club.

(iii) Any servant prevented by this Rule from obtaining or retaining employment shall have the right of appeal to the Stewards of the Jockey Club.

#### PART XIII.

##### RACING COLOURS.

103. Racing colours shall be registered either annually on payment of 5s., or for the life of the person registering on payment of 5 sobs. Colours so registered shall not be taken by any other person.

All disputes as to the right to particular colours shall be settled by the Stewards of the Jockey Club.

104. Any person running a horse in colours other than those registered in his name without a special declaration overnight to the Clerk of the Course (at a time to be prescribed) shall be fined not less than 1 sov. nor more than 10 sobs. A special declaration is also required where the owner is not the nominator.

#### PART XIV.

##### ENTRANCE MONEY, FORFEITS, AND STAKES.

105. Entrance money, forfeits, stakes, and arrears must be paid in cash (if so required), to the Clerk of the Course, or authorised stakeholder, and entrance money must (if so required) be paid at the time of entry.

106. Entrance money shall go to the race fund of the meeting, unless otherwise specified in the conditions of the race, and subject to the application of surplus under Part XXII.

107. Entrance fees, subscriptions, stakes, and forfeits shall be in pounds, not guineas.

108. The nominator is liable, as well as every partner in the horse at the time of nomination, for the entrance money and stake or forfeit, except when the entry has been transferred under Rule 94. A person making a wrong nomination is equally liable, but where a horse has been accidentally entered for a race for which he is not qualified, he may be withdrawn on payment of a fine, in lieu of forfeit, of 5 sobs, at any time before the race, the fines under this Rule to go as the forfeits.

A subscriber to a sweepstakes is liable for the stake or forfeit; but if he transfer the right of entry

to any other person he is liable only in case of default by the transferee.

109. A person taking an entry under another person's subscription, where the fee must be declared by a particular time shall, if he do not declare forfeit by that time, be considered to have taken the engagement upon himself, and it shall be transferred to his name.

110. A jockey shall not be weighed out for any horse for a race unless there have been previously paid (1) any stake, forfeit, entrance money or fee payable by the owner or nominator, in respect of that race; (2) all arrears due from any person for such horse, or due for the same or any other horse from any person by whom such horse is wholly or partly owned or in whose name or under whose subscription he is entered; and (3) the jockey's fee.

#### PART XV.

##### THE UNPAID FORFEIT LIST.

111. An Unpaid Forfeit List shall be kept at the Registry Office, and shall be published in the Sheet "Calendar" after the Newmarket July Meeting and again at the conclusion of the racing season of every year. It shall include all arrears which have been notified by the Stakeholder of any recognised meeting in the United Kingdom, or as otherwise provided under these Rules, and shall state the name or names (if any) of the persons from whom, and the horses in respect of which the same are due. "Arrears" which have been so published must be paid directly into the Registry Office, with fees, according to Rule, and until so paid shall not be removed from the list.

112. Where a person is prevented by these Rules from entering or starting a horse for any race without paying arrears, for which he would not otherwise be liable, he may, by paying the same, enter or start the horse and place the arrears on the Forfeit List as due to himself, and in like manner the seller of a horse with engagements may, if compelled to pay them by the purchaser's default, place the amount on the Forfeit List, as due from the purchaser to himself.

113. So long as the name of a person is in the Unpaid Forfeit List (see Rule 111), or in the official Forfeit List published by the recognised Turf Authority of any country, he is a disqualified person.

114. A corrected alphabetical Index of the horses and owners in the last Forfeit List and Irish Forfeit List shall be published in the first "Calendar" of every month during the racing season. Such monthly list shall commence not less than three years before the time at which it is published, and shall be carried down to and include the latest Forfeit List which has been published in the Sheet "Calendar," as above mentioned.

115. If a horse, which, or the owner of which, is in the Forfeit List be entered for any race in contravention of these Rules, the

# RULES OF RACING.

dominator of such horse may be fined £50.

## PART XVI.

### WEIGHTS, PENALTIES, AND ALLOWANCES.

116 No horse shall carry less than 6st in any race, unless the 5lb apprentice allowance under Rule 56 be claimed, but in races confined to apprentices the lowest weight may be 5st.

### PENALTIES.

117. In estimating the amount a horse has won in any one or more races, account shall be taken of all cups or moneys, whether derived from stakes, bonus, or any other source, gained by him for his owner or for any other person, deducting only his own stake and entrance.

118. Wagering during the year shall include all prizes to the time appointed for the start, and apply to all races except private sweepstakes or matches in any country, and include dividing, walking over, or receiving best. Penalties for winning a race run shall be understood to mean for winning it in one race, unless specified to the contrary.

\*See definition of "race" in Rule 1.

119. No horse shall carry extra weight for having run second, or in any lower place in a race.

120. Extra weights shall not be incurred in respect of matches or private sweepstakes.

121. Penalties are not cumulative unless so declared by the conditions of the race.

122. When any race is in dispute both the horse that came in first and any horse claiming the race shall be liable to all the penalties attaching to the winner of that race till the matter be decided.

[For penalties on dividing after dead heats, see Part XX.]

123. All penalties and allowances shall be calculated according to the amount of the value of each race as reported in the "Racing Calendar."

And trainers will be required to declare by an advertised time the night before running—

(a) In races where there are penalties for winning, or allowances other than selling, the weight their horses will carry.

(b) In handicaps, any penalties incurred and not already published in the "Calendar."

The trainer of a horse running in any such race where the weight is not so declared, or declared wrongly, shall be reported to the Stewards, and be liable to a fine of not less than £1.

Note: In all races where there is no penalty and the only allowance is to mares and geldings, no declaration of weight will be necessary.

### ALLOWANCES.

124. Allowances must be claimed at the time of entry where practicable (see Part IX.), but omission to claim is not a source of disqualification, and a claim for allowance to which a horse is not entitled does not disqualify unless carried out at scale.

125. No horse shall receive allowance of weight, or be relieved from extra weight, for having been beaten in one or more races; Provided that this Rule shall not

prohibit maiden allowances or allowances to horses that have not won within a specified time, or races of a specified value.

126. No allowance will be allotted for the produce of a stallion covering at, or under, a particular fee, unless a statement of the public covering fee has been published in the Sheet Calendar or lodged at the Registry Office before March 1 of the year for which the allowance is claimed.

A list of registered fees to be published in the Sheet Calendar, in the second issue in March, and in the volume of Races to Come.

An allowance to which a horse is entitled as being the produce of a stallion covering at, or under, a particular fee will be officially added to the entry in the Registry Office.

For the purpose of an allowance of this kind, the fee of the stallion.

Allowances will be allotted only for the produce (foaled in the United Kingdom) of a stallion covering at, or under, a particular fee in the United Kingdom.

No allowance of weight shall be made to any horse for being the produce of a stallion or mare whose produce never won a race.

No allowance of weight shall be made to a horse for being the first produce of a mare.

127. Allowances are cumulative unless otherwise specified.

## PART XVII.

### WEIGHING OUT, EXHIBITING NUMBERS, ETC.

#### THE WEIGHING ROOM.

128. No person shall, without special leave from the Stewards, be admitted to the weighing-room except the owner, trainer, and jockey, or other person having the care of a horse engaged in the race, and any person refusing to leave shall be reported to the Stewards.

#### WEIGHING OUT.

129. Every jockey must be weighed for a specified horse by the Clerk of the Scales, at the appointed place, not less than a quarter of an hour before the time fixed for the race, and the numbers shall then be exhibited as soon as possible. In exceptional cases, or where the delay of a previous race has rendered punctuality impossible, the Stewards may extend the time allowed for weighing declaring weight, and for exhibiting the numbers.

Every horse must be ridden in front of the stand before going to the post. Should the Stewards be satisfied that after reasonable endeavour a jockey is unable to comply with this regulation they may exempt him from doing so, in which case the Clerk of the Course shall report to the Registry Office the full circumstances under which the exemption was granted.

If a jockey, after he has weighed for a specified horse, and before he has been under the Starter's orders, is incapacitated by accident or illness from riding in the race, another jockey may be substituted, provided there is no unreasonable delay.

130. When the numbers have

been exhibited, no alteration or addition can be made without the leave of the Stewards, whose reasons for such permission shall be reported at the Registry Office. Should any horse not start whose number has been exhibited, the owner and any other person responsible may be fined, or otherwise dealt with, at the discretion of the Stewards—see Rule 36 (ii).

131. If a jockey intend to carry over-weight, he must declare the amount thereof at the time of weighing out, or, if in doubt as to his proper weight, he may declare the weight he intends to carry.

132. If a horse run in a hood, muzzle, martingale, breastplate, or clothing, it must be put into the scale and included in the jockey's weight.

133. No whip, or substitute for a whip, bridle, plates, or any thing worn on a horse's legs, shall be allowed in the scales, either in weighing out or weighing in.

## PART XVIII.

### STARTING.

134. The horses must be started by the official Starter, or his authorised substitute.

135. Every horse shall be at the post ready to start, at the appointed time.

136. All jockeys, on arrival at the starting post, must immediately place themselves under the Starter's orders.

137. No horse shall go back except in the case of an accident or under the provisions of Rule 36 (ii).

138. The horses shall so far as is practicable be drawn up before the start in an order to be determined by lots to be drawn by the jockeys at the time of weighing out. The jockey who has drawn No. 1 must always be placed on the left-hand side at the Starting Post, and other jockeys must take their places in consecutive numbers from the left, but the Starter may use his discretion as to placing unruly horses.

## PART XIX.

### RUNNING AND WALKING OVER.

139. An owner running two or more horses in a race may declare to win with one of them, and such declaration must be made at scale. A jockey riding a horse with which the owner has not declared to win, must on no account stop such horse, except in favour of the stable companion in whose behalf declaration to win has been made.

140. (i) A horse which crosses another in any part of the race so as to interfere with that or any other horse's chance is liable to disqualification, unless it be proved that he was two clear lengths in front when he crossed.

(ii) A horse is liable to disqualification if he or his jockey, while another horse or jockey

(iii) If a horse run on the wrong side of a post his jockey must take him back and he must run the course from such post.

(iv) If the Stewards, on an objection find a jockey guilty of foul riding, his horse shall be disqualified.

141. If a race has been run by all the horses at wrong weights, or over a wrong course, or dis-

tance, or before the appointed time, or if the Judge is not in the box at the time the horses pass the winning post, the Stewards shall order the race to be run again the same day if practicable, but, if otherwise, it shall be void.

WALKING OVER.

142. In walking over for a race, in no case shall it be necessary for a horse to "walk over" the entire course, but if, at the time fixed for the hosting of the numbers, only one horse shall have been weighed out for, that horse shall be ridden past the Judge's box, and shall then be deemed the winner.

When one horse pays forfeit for a match, the other need not walk over, but for a sweepstakes, even if all the horses but one have declared forfeit, that horse must walk over, except by the written consent of the persons who pay forfeit, in the case of a plate, the consent of the Stewards is necessary.

143. On a division after a dead heat it shall not be necessary for a horse to walk over.

PART XX.

DEAD-HEATS.

144. (i) When horses run a dead heat for first place they shall divide the stakes unless one of their owners declares to the Clerk of the Scales within a quarter of an hour after the dead-heaters have weighed in that he intends to run off the dead-heat. If his challenge is not accepted within thirty minutes of the time the dead-heaters have weighed in his horse shall be deemed the winner, and the other horses shall be deemed to have been beaten, but they shall be entitled to their places (if any) as if the race had been finally determined the first time. Any owner withdrawing his horse after having announced his intention of running in the deciding heat shall be fined 50 sovs, unless he satisfies the Stewards that his horse was physically incapacitated. If an objection be made after a dead-heat, the time for challenging, etc., shall be fixed by the Stewards.

(ii) If any one of the horses running a dead-heat be two years old the dead-heat shall not be run off, and the owners shall divide.

(iii) The Stewards shall name a time on the same day for running off a dead-heat, and the Rules as to declaration of overweight, weighing out, and weighing in shall apply. The same rules need not ride, but no allowance can be claimed in the deciding heat unless it shall have been claimed in the dead-heat. If the same jockeys ride at the deciding heat they may, under all circumstances, claim at scale the same riding allowances as in the original dead-heat.

145. Provided the condition of a dead-heat the riders of the horses which made the dead-heat shall not be necessary to ride in the original dead-heat.

146. In running a dead-heat off, the jockeys should be weighed in, if it shall be decided by the

Stewards whether the disqualification shall extend to the loss of the second place, and, if so, the horse that originally ran third shall be entitled to the second place.

145. Every horse running a dead-heat for first place shall, for the purpose of estimating his weight in races other than the deciding heat, be deemed the winner of the race, until the stakes are divided or the dead-heat is run off, and, if the owners divide, each horse which divides shall be deemed a winner of the race and liable to any penalty for the full amount he would have received if he had won.

146. When a dead-heat is run for second place, and an objection is made to the winner of the race, if such objection be declared valid in time for the dead-heat to be run off on the day of the race, the Stewards may direct it to be run off accordingly, otherwise the horses which ran the dead-heat shall divide.

147. If a dead-heat be run by two or more horses for second or any lower place in a race, the owners shall divide, subject to the provisions of the last preceding Rule.

148. When owners divide, they shall divide equally all the moneys or other prizes which any of them could take if the dead-heat were run off.

149. If the dividing owners cannot agree as to which of them is to have a cup or other prize which cannot be divided, the question shall be determined by lot by the Stewards, who shall decide what sum of money shall be paid by the owner who takes such cup or other indivisible prize, to the other owners or owner.

150. On a dead-heat for a match the match is off.

PART XXI.

WEIGHING IN.

151. Immediately after pulling up, the winning jockey or each race must ride his horse to the place appointed for unsaddling the winner. The other jockeys may dismount within a reasonable distance. Every jockey must present himself to be weighed by the Clerk of the Scales at once. If a jockey be prevented from riding back to weigh in by reason of accident or illness, by which he or his horse is disabled, he may walk or be carried to the scales.

If a jockey be too ill to weigh in, his horse shall not be disqualified on that account provided that the correct weight was declared to the Clerk of the Scales on a weighing-out.

152. If a horse carry more than two pounds over his proper or declared weight, he is disqualified, unless the Stewards be satisfied that such excess of weight has been caused by wet. If the jockey cannot drive the proper or declared weight, the Clerk of the Scales shall allow him to ride.

153. If a jockey be short of weight at weighing-in, at any subsequent practice with respect to weight or weighing, his horse is disqualified.

154. If a jockey do not present himself to weigh in, at a dead-heat

before reaching the place appointed for that purpose, or touch (except accidentally) any person or thing other than his own equipments, before weighing in, his horse is disqualified unless he can satisfy the Stewards that he was justified by extraordinary circumstances.

PART XXII.

PRIZES.

154. The value of prizes not in money must be advertised.

155. Prizes, stakes, and forfeits in a race belong to the winner, except as otherwise declared in the conditions.

156. No plate or sweepstakes shall be run for unless the clear value to the winner (calculated as in Part XVI) in case the race be run by two or more horses, will amount to £100. But if the value would amount to £100, if the race were so run, a horse may walk over, although he thereby receives less than £100.

157. In all races with not less than five entries (private sweepstakes excepted), the second horse shall at least save his entrance; and also his stake in sweepstakes, provided the winner does not thereby receive less than 100 sovs.

158. When a sweepstakes has been so reduced by the death of subscribers that the payments to second or other horses, according to conditions, would reduce the value of the run for, to less than £100, the winner shall receive a clear £100, and only the balance, if any, be divided proportionately between the other horses entitled to participate in the stakes.

159. In all races, should there be any surplus from entrance or subscription over the advertised value, it shall be divided in the following proportions, viz., one-half of the whole surplus shall go to the Entrance, Second, and Third, or Rans Memorial Fund, and of the other half two-thirds shall be paid to the second, and one-third to the third. A race may be declared void provided the number of entries required by advertisement be not obtained, but the value of a prize once advertised shall not be reduced.

160. When a cup or plate or any added money is advertised to be run for, it shall be given in the event of a walk-over.

When a walk-over is accepted after a dead-heat is the result of arrangement by the owners of horses engaged, neither a cup nor any portion of the advertised money shall be given.

161. Any money or prize which by the conditions is to go to the horse placed second, or if any lower place, shall if the winner have walked over or no horse has been declared winner, be paid to the horse placed second.

(i) If part of the stakes or plate, it shall go to the winner; or

(ii) If a separate donation from the race fund or any other source it shall not be given at all; or

(iii) If entrance money for the race, it shall go to the race fund of the meeting.

162. No prize shall be given to any but to the first horse named placed.

163. No deductions shall be made from the value of any race except such as are gained by other horses in the race, and except Clerks', stabling, and weighing fees, as fixed by Rule, or any sums assigned under the conditions of a race to the Bentinck Benevolent or Rous Memorial Funds.

164. If a race be never run or be void, stakes, forfeits, and entrance money shall be returned.

165. A race may be declared void if no qualified horse cover the course according to rule.

### PART XXIII.

#### DISPUTES, OBJECTIONS, APPEALS, ETC.

166. Every objection shall be decided by at least three Stewards, but their decision shall (if they are not the Stewards of the Jockey Club) be subject to appeal to the Stewards of the Jockey Club, so far as relates to points involving the interpretation of these Rules or to any question, other than a question of fact, on which there shall be no appeal unless by leave of the Stewards, and with the consent of the Stewards of the Jockey Club. Notice of appeal must be given in writing to the Clerk of the Course within forty-eight hours of the decision being made known.

#### OBJECTIONS: WHEN AND HOW MADE.

167. All disputes, objections, and appeals referred to or brought before the Stewards of the Jockey Club for their decision, shall be decided by the three Stewards; if only two Stewards be present, they shall fix upon a third person, being a member of the Club, in lieu of the absent Steward, but the Stewards may call in any other members of the Jockey Club to their assistance, or may, if they think the importance or difficulty of the case requires such a course, refer it to a general meeting.

168. (i.) If an objection to a horse engaged in a race be made not later than half-past ten in the morning of the day of the race, the Stewards may require his qualification to be proved before the race; and in default of such proof being given to their satisfaction they may declare him disqualified.

(ii.) An objection to the distance of a course officially designated must be made before a race.

(iii.) An objection to any decision of the Clerk of the Scales must be made at once.

(iv.) An objection to a horse, on the ground of a cross, jostle, or any act on the part of his jockey, or of his not having run the proper course, or of the race having been run on a wrong course, or of any other matter occurring in the race, or before weighing in, must be made within a quarter of an hour after the winner has weighed in, unless, under special circumstances, the Stewards are satisfied that it could not have been made within that time.

(v.) An objection on the ground that the horse which ran was not the horse which he was represented to be at the time of entry, or that he or his jockey was not qualified

under the conditions of the race, or

(b) that he has run in contravention of the Rules of partnership,

(c) that he has run in contravention of the rule relating to unrecognised meetings,

may be received within fourteen days of the conclusion of a Meeting.

(vi.) An objection on the ground that a horse is disqualified by reason of any default entered in the Forfeit List, may be received within six months after the race.

(vii.) In any other case an objection must be made within twenty-four hours of the race being run, exclusive of Sunday, save in the case of any fraud, or wilful mis-statement, when there shall be no limit to the time for objecting, provided the Stewards are satisfied there has been no unnecessary delay on the part of the objector.

169. Every objection shall be in writing, and must be signed by the owner of some horse engaged in the race, or by his authorised agent, trainer, jockey, or groom, and must be made to one of the Stewards, to the Clerk of the Course, or Clerk of the Scales; the objector shall, at the time he makes the objection, deposit in the hands of the Stakeholder the sum of 5 sovs. and on an appeal an additional sum of 10 sovs shall be lodged by the appellant. If the case be decided against the depositor, his deposit shall be forfeited to the Bentinck Benevolent or Rous Memorial Funds, unless the Stewards who heard the case, or the Stewards of the Jockey Club on the appeal, shall certify that there was good and reasonable ground for the objection or the appeal.

170. An objection may also be made without deposit by a Steward or licensed official (if a meeting in his official capacity).

171. An objection cannot be withdrawn without leave of the Stewards.

172. No horse shall be disqualified on account of any error or violation of Rule in the entry, which might have been corrected on payment of a fine, but the Stewards may inflict fines upon, or otherwise deal with, any persons responsible for such errors.

173. If an objection to a horse which has won, or been placed in a race, be declared valid, the horse shall be regarded as having been last in the race, and the other horses shall take positions accordingly.

174. All costs and expenses in relation to determining an objection or conducting an enquiry, and any reasonable compensation for outlay incurred, shall be paid by such person, or persons, and in such proportions, as the Stewards shall direct.

175. Pending the determination of an objection, any prize which the horse objected to may have won or may win in the race, shall be withheld until the objection is determined, and any forfeit payable by the owner of any other horse shall be paid to and held by the Stakeholder for the person who may be entitled to it.

### PART XXIV.

#### CORRUPT PRACTICES AND DISQUALIFICATIONS OF PERSONS.

176. (i.) If any person shall administer, or cause to be administered, for the purpose of affecting the speed of a horse drugs or stimulants internally, by hypodermic, or other methods; or

(ii) if any person corruptly give or offer, or promise directly or indirectly, any bribe in any form to any person having official duties in relation to a race or racehorse, or to any trainer, jockey, or agent, or to any other person having charge of, or access to, any racehorse; or

(iii) if any person having official duties in relation to a race, or if any trainer, jockey, agent, or other person, having charge of, or access to, any racehorse, corruptly accept or offer to accept any bribe, in any form; or

(iv) Wilfully enter or cause to be entered or to start for any race a horse which he knows or believes to be disqualified; or

(v) If any person be proved to the satisfaction of the Stewards of the Jockey Club to have surreptitiously obtained information respecting a trial from any person or persons engaged in it, or in the service of the owner or trainer of the horses tried, or respecting any horse in training from any person in such service; or

(vi) If any person be guilty of, or shall conspire with any other person for the commission of, or shall connive at any other person being guilty of any other corrupt or fraudulent practice in relation to racing in this or any other country;

Every person so offending shall be warned off Newmarket Heath and other places where these Rules are in force.

177. If any person be reported by the Committee of Tattersall's as being a defaulter in bets, he shall be warned off as by the last Rule mentioned so long as his default continues.

178. When a person is warned off Newmarket Heath, and so long as his exclusion continues, he is a disqualified person.

178. (a) Any person who acts in any official capacity, enters, owns, trains, or rides a horse entered or running at any unrecognised Meeting in Great Britain or Ireland is liable to be made a disqualified person by the Stewards of the Jockey Club for such time as they shall think fit.

This Rule shall not apply to Meetings confined to Pony or Galloway racing in Great Britain.

178. (b) "A disqualified person, so long as his disqualification lasts, is unable:

(1) To act as Steward or Official at any recognised Meeting.

(2) To act as authorised agent under these Rules.

(3) To subscribe for, or enter or run a horse in, any race at any recognised Meeting."

### PART XXV.

#### FEES AND FINES.

179. On fixtures being granted to a meeting, the following stake-

Holders' fees shall be payable to the Jockey Club, and must be paid by January 1 or the year for which the fixture is granted, unless the Stewards of the Jockey Club see fit to reduce the same.

All meetings having four days or more consecutively of six days at any time, 15 sows a day.

All other meetings, 10 sows a day.

180. On fixtures being granted to a meeting, the following fees shall be payable to the Fixture Fee Fund (unless the Stewards of the Jockey Club shall see fit in any case to remit the same) and must be paid by January 1 of the year for which the fixture is granted:

All meetings having four days consecutively, or six days at any time, 102 sows.

All others, 5 sows a day.

The following fees are also payable:

(iv.) For every registration of colours for life, 5 sovereigns.

(v.) For registration of foreign and veterinary certificates, five shillings.

(vi.) For registration of an agreement with a jockey five shillings.

(b) On fixtures being granted to a meeting, the following fees shall be paid (unless the Stewards of the Jockey Club shall see fit in any case to remit the same): All meetings having four days consecutively, or six days at any time, 100 sows; all others, 5 sows a day.

182. Except where otherwise provided, all fees and fines shall be paid to the credit of the Jockey Club, all fines to be afterwards transferred, either wholly or in such proportions as the Stewards may direct, either to the Bentinck

Benevolent Fund or the Ecus Memorial Fund.

**PART XXVI.**

**NEW RULES.**

183 Every new Rule (in which term is included the repeal or alteration of an existing Rule) must be advertised three times in the "Sheet Calendar," with the date of the meeting of the Jockey Club at which it is to be proposed, and be submitted to the Rules Committee before it is brought up for discussion.

184. Every new Rule must be confirmed at a meeting subsequent to that at which it is passed, and be then twice advertised in the "Sheet Calendar," but shall not come into operation until March 1 following, unless urgency be declared by the Stewards on confirmation.

The retiring Steward shall then nominate some other member to succeed him, subject to the approbation of the Members present, and such newly appointed Steward shall continue in office for three years.

12. Should any of the Stewards die, resign, or fail to nominate a successor, the remaining Stewards shall nominate a member of the Club, to succeed the deceased or resigning Steward, but such nomination must be notified to the Club at the next general meeting and if the nomination is approved, the said Member shall be deemed to be appointed, and shall remain in office until the expiration of his predecessor's time.

### PART IV.

#### ADMISSION OF MEMBERS TO THE JOCKEY CLUB ROOMS AND STANDS.

22. Persons not being Members of the Jockey Club may be admitted Members of the Jockey Club Rooms on such terms as the Jockey Club may from time to time prescribe.

23. The number of Members of the Jockey Club Rooms is limited to 300, but the Stewards shall have power to propose additional names for election in excess of that number.

24. For the Jockey Club Rooms and Stands each candidate must be proposed and seconded by a Member of the Jockey Club, and the full name of the candidate, with his usual place of abode, as well as the names of the Members proposing and seconding him, must, for the Rooms, be put up in the Coffee Room at least forty-eight hours preceding, and for the Stands, on the day of the Ballot.

It is an implied condition of every member's election that he agrees to be bound by the Rules of Racing, and to be subject to the jurisdiction of the Stewards of the Jockey Club.

25. The election of Members (not being Members of the Jockey Club) for the Jockey Club Rooms and Stands shall be by ballot.

26. Ballots may take place at any General Meeting of the Jockey Club. Nine Members at least shall ballot, and two black balls

shall exclude; but when eighteen Members vote, there must be three black balls to exclude.

27. A Member of the Jockey Club may be admitted a Member of the Jockey Club Rooms without ballot, by applying to the Keeper of the Match-Book, and paying the same sums for his admission, and subscription, as are required of Members chosen by ballot.

The Stewards have the power to admit distinguished visitors to the Jockey Club Rooms or Stands free of payment.

29. Honorary Members of the Jockey Club Rooms are elected for the current year only, and shall not be liable for any admission fee, but for their subscription only.

30. A person, though elected, shall not be considered as admitted a Member of the Jockey Club Rooms until he shall have paid the usual sums for the admission and subscription of a new Member. The subscription shall be payable on the first of January in every year, and the name of every Member, whose subscription is not paid by the First Spring Meeting shall be posted in the Coffee Room at Newmarket, in that meeting; and if such arrears be not paid by the end of the First July Meeting he shall cease to be a Member.

31. If any Member of the Rooms or Stands at Newmarket shall leave his bill for household expenses unpaid two months after the same shall have been delivered to him, notice shall be sent to him that if it be not paid by a time to be mentioned in the said notice (not to exceed three months), his name will be erased from the list of Members, and in the event of his default, he shall cease to be a Member.

32. Members abroad from the 1st of January to the end of the year, on giving notice thereof, shall remain Members without paying subscription, so long as such absence abroad continues.

33. Candidates for membership of the Stands, not being Members of the Jockey Club Rooms, must be proposed, seconded, and balloted in the same manner as candidates for the Jockey Club Rooms.

34. Members of the Jockey Club Rooms or Stands are entitled, on the payment of the usual admission fees, to admission to such Stands or parts of the Stands as may be from time to time set apart for their use, and are free of the Saddling and all other enclosures.

35. Members of the Jockey Club Rooms or Stands are admitted to the Stands on payment of £12 per annum to clear all payments, or 5s. per annum and 10s. a day for each day's admission, to be paid to the door-keeper.

36. Occasional visitors may be admitted to the Stands, with the sanction of the Stewards, for any one week on payment of £4 for the week, or for any three separate days on payment of £2 each day, but on wishing to come for a longer period must be balloted for, in the usual way.

37. A list of Members who have at any meeting used the Stands without having paid for admission shall be posted at the entrance to the Stand at the commencement of the following meeting, and they shall not be admitted until the sums due from them are paid, but if not paid by the end of that meeting, they will cease to be Members of the Stand, and the sums due from them will be recoverable as debts due to the Stewards.

38. All subscriptions to the Stands are payable by the first of January, and must be paid before the Stand is used.

39. If any Member of the Jockey Club, or of the Jockey Club Rooms or Stands at Newmarket, should appear in the published Forfeit List as a defaulter for stakes or forfeits, or be reported by the Committee of the Subscription Rooms at Newmarket, or at Messrs Tattersalls, as being a defaulter for bets lost on horse racing, the Stewards shall cause notice to be sent to him that if his default be not cleared by a time to be stated in the said notice his name will be erased from the list of Members; and if at a General Meeting of the Jockey Club it shall be decided that a Member of the Jockey Club, Jockey Club Rooms, or Stands, has been guilty of conduct unbecoming a gentleman, or prejudicial to the interests or reputation of the Club, or has been convicted of fraudulent practices, or connivance at fraudulent practices, his name shall be at once removed from the list of Members.

40. If any Member of the Jockey Club, or Jockey Club Rooms, or Stands, shall be declared a bankrupt, or shall compound or arrange with his creditors under the provisions of any Act of Parliament, he shall, *ipso facto*, cease to be a Member of the Club, and shall forfeit all right to the use of, or claim upon, the property of the Club. But it shall be lawful for a General Meeting of the Club, on the written application of such Member, after due inquiry, and after the expiration of not less than thirty days from the date of such application, to restore his name by ballot, two-thirds of those present consenting, and the Member so readmitted shall not be called upon to pay any entrance fee.

## PART V.

41. No racer for Gentlemen riders are allowed at Newmarket without the sanction of the Stewards.

## TRAINING AND HEATH TAX AT NEW-MARKET.

### LICENCE TO TRAIN.

42. Every trainer who wishes to train horses on the lands belonging to, or in the occupation of, the Jockey Club, must apply annually to the Stewards for a licence, and on making such application must specify the horses then under his charge, and the names of their owners, and shall not take horses from any other owner without first obtaining the permission of the Stewards.

Every licence granted to a trainer shall be subject to such regulations as from time to time may be made by the Stewards, and conditional upon his obedience thereto.

43. A trainer shall be liable to have his licence withdrawn for breaking the rules and down by the Stewards for the mismanagement of the ground, or for any misconduct on the Turf, or in matters connected with it.

44. Should the Stewards find it necessary to refuse or withdraw a licence from any trainer, they shall report that they have done so at the next General Meeting of the Club.

### HEATH TAX.

45. Every trainer shall pay to the Stewards of the Jockey Club a Heath Tax of seven guineas annually in respect of every horse and three guineas for every yearling that shall be trained or broken by him at Newmarket on any lands belonging to, or in the occupation of, the Jockey Club.

Any horse remaining at Newmarket more than a week before or after a Race Meeting there, shall become liable to Heath Tax, and his trainer shall apply for a licence under Rule 42.

46. The Stewards shall make such orders as they think fit relative to the returns to be made by the trainers of horses under their care, and if any trainer shall fail to make a true return, he will be set charged one guinea for each horse omitted from his list.

N.B.—At present all trainers are required to send in on the 1st of February, a list of the horses which have been under their charge from the 1st of January, and on the first of every succeeding month a list of any additional horses that have been under their care since the preceding return.

47. The amount of the tax (for which the trainer is the person liable) shall be due at the same time that the return is made, and must be paid within one month after that date.

In default of such payment the licence of the defaulting trainer may be withdrawn at the discretion of the Stewards, and the amount due may be treated as a debt due to the Stewards, and may be sued for in any Court of Law.

48. The payment of Heath Tax shall not be taken to confer on the person paying the same any legal rights which shall interfere or be inconsistent with the absolute possession by the Stewards of the lands in respect of which the tax is paid, nor with the control the Club now has over all persons using or going on to their grounds.

## NEW RULES AND ALTERATIONS OF RULES.

49. Notice of any proposed new rule, or alteration of a rule, shall be submitted to the Rules Committee, and shall be sent by circular to all the Members of the Jockey Club at least ten days before the meeting at which such rule is to be discussed.

The following are the regulations as to the admission of Ladies, and as to Carriages, which were previously embodied in the Rules of the Club.

### LADIES.

Ladies, being the wives, daughters, and sisters of Members of the Club, are admitted to the Stands free; others ladies on payment only in exchange for a voucher, signed by a Member of the Jockey Club, the payment being 10s. for each week of 9 sittings for the seat Ticket, and not transferable.

### CARRIAGES.

Every Member of the Jockey Club, on application to the Keeper of the Match-Book, is entitled to a pass for one carriage for his own use, when he sends the passes for carriages for his guests. All passes to be non-transferable. Carriage Enclosure Tickets, not transferable may be obtained on payment of £10 a year.

Owners of horses running at a Meeting are entitled to a Carriage Enclosure pass and Paddock pass for that Meeting. Carriages are admitted beyond the Stands on payment of 10s. a day.

N.B.—All other matters relating to training, trials, racing disputes, &c. &c., heretofore published among the Rules of the Jockey Club, are, so far as they remain in force, incorporated with the Rules of Racing, or included in the Heath Regulations issued to trainers.

## NATIONAL HUNT RULES.

[These Rules apply to all Meet-  
ings held under the sanction  
of the National Hunt Commit-  
tee, and to all races run at such  
Meetings.]

### PART I

DEFINITIONS AND APPLICATION OF THESE  
RULES.

1. (1) A "recognised meeting"  
is a meeting held under the sanc-  
tion of the National Hunt Com-  
mittee, or other Turf authority,  
of the country in which it is  
held; or (where no such authority  
exists) under these Rules.  
The Turf authorities of the  
United Kingdom are—  
The National Hunt Committee.  
The Jockey Club.

The Turf Club of Ireland.  
The Irish National Hunt  
Steeplechase Committee  
The Channel Islands Racing  
and Hunt Club.

"Stewards."—Wherever the word  
"Steward" or "Stewards" only is  
used, it means Steward, or Ste-  
wards, of the Meeting, or their  
dually appointed deputy or depu-  
ties.

The expression "United King-  
dom" includes Great Britain, Ire-  
land, the Channel Islands, and  
the Isle of Man.

The "Registry Office" is the office  
for the time being appointed as  
the Registry Office by the Na-  
tional Hunt Committee.

"Registered" and "Registration"  
mean "Registered" and "Registra-  
tion" at such office.

The "Racing Calendar," com-  
prising the "Sheet Calendar" and  
the "Book Calendar" of "Steeple-  
chases Fast" and the "Sind  
Book" are the works published  
under those names respectively by  
authority of the National Hunt  
Committee or the Jockey Club.

"The Forfeit List" is a record of  
"arrears" published under the  
sanction of the Turf authorities  
of the United Kingdom.

A "horse" includes mare, geld-  
ing, colt, and filly, save when the  
context requires otherwise.

A "welter flat race" is a weight-for-age race (other than a selling race), of not less value than 200 sovs. for four year olds and upwards, over a distance of not less than two miles, and at a minimum weight of 9st 7lb as sanctioned by the Jockey Club to be run during the close time of Flat Racing only, and under the authority and control of the National Hunt Committee; but, for the purposes of future racing, a welter flat race is regarded as having been a race under the Rules of Racing.

A "bona-fide Hunt Meeting" is a meeting held under National Hunt Rules on one day only in a year by a particular Hunt or two or more Hunts adjoining, over a natural or partly natural course, situate within the limits of the Hunt, or one of the Hunts joining in the promotion of the fixture, and duly approved by the Stewards of the National Hunt Committee after inspection by one of the Official Inspectors of Steeple-chase Courses.

At which—

(1) Every race is a steeple-chase not being a handicap or selling race or over a less distance than three miles, confined to horses certified by a Master of Foxhounds, Staghounds, or Harriers (being a member of the Association of Masters of Harriers), to have been regularly and fairly hunted during the current hunting season.

(2) No race is open to horses hunted outside the limits of the Hunt or Hunts promoting the meeting, or of the adjoining Hunts, but there may be one or more races open to specified regiments, including Yeomanry, and, with the special permission of the Stewards of the National Hunt Committee, there may be one race open to horses, or their owners, nominated by the Master, or Masters, of Hounds under whose auspices the meeting is held.

(3) No money or other prize for the winner of any steeple-chase shall be of greater value than 20 sovs in all, except in cases where a cup or other trophy is given from a private source, and specified in the conditions of the steeple-chase.

(4) No person who is, or has been, a licensed jockey is permitted to ride.

(5) Any surplus funds obtained are applied, in the current year, to the purposes of the Hunt or Hunts holding the meeting.

A bona-fide Hunt Meeting as defined above is subject to National Hunt Rules, but is exempt from the operation of Rule 44, and horses which have only won at such meetings are not regarded as winners under National Hunt Rules, except for the purposes of steeple-chase at "bona-fide Hunt Meetings."

A "maiden" is a horse which has never won a steeple-chase, hurdle race, or National Hunt flat race (other than a match or private sweepstakes or steeple-chase

at a "bona-fide Hunt Meeting") at any recognised meeting in the United Kingdom, or in any other country. In welter flat races the word "maiden" signifies a horse which has never won a race of that description, or any race to which the "Rules of Racing" apply. A maiden means a maiden at the time of the start.

A horse which has "never started" is one that has never started for a steeple-chase, hurdle race, or National Hunt flat race (other than a match or private sweepstakes or steeple-chase at a "bona-fide Hunt Meeting") in any country.

A "plate" means plate, private sweepstakes, cup, or match, but refers only, under these Rules, to steeple-chases, hurdle races, or National Hunt flat races.

Note.—This definition shall not debar a horse which has only won a match or private sweepstakes from, or from taking an allowance in, a race the conditions of which prescribe as a qualification, or as entitling to an allowance, that horses shall not have won a race of a specified value or distance.

A "plate" is a race to be run for money or other prize without any stake being made by the owners of the horses engaged.

A "sweepstakes" is a race in which stakes are made, or a fixed sum subscribed for, by the owners of three or more horses engaged, and any such race is still a sweepstakes, when money or other prize is added.

A "private sweepstakes" is one to which no money is added, or other prize, and which has not been publicly advertised previous to closing.

A "cup" is any prize not given in money.

A "handicap" is a race in which the weights to be carried by the horses are adjusted by the handicapper for the purpose of equalising their chances of winning.

A "free handicap" is one in which no liability for stake or forfeit is incurred until acceptance.

A "post race" is a race for which a person may, under one subscription, enter two or more horses, and run any one or more of them, as the conditions prescribe.

A "produce race" is one to be run for by the produce of the horses named at the time of entry.

A "selling race" is one the conditions of which prescribe that the winner is to be offered for sale by auction at a stated selling price.

A "weight-for-age race" is a race in which weights are apportioned to horses according to their ages, and remains a weight-for-age race, even if there are penalties and allowances.

A "match" is a race between horses the property of two different owners on terms agreed by them, and to which no money or other prize is added.

A match at "catch weights" means one for which the riders need not weigh before or after the race.

The "nominator" is the person in whose name a horse is entered for a race.

"Owner" includes "part owner" or "lessee."

"Authorised Agent" means an agent appointed by a document, signed by the owner and lodged annually at the Registry Office, or, if for a single Meeting only, lodged with the Clerk of the Course of that meeting. "Authorised Agent" includes sub-agent, if authority to appoint a sub-agent is provided by the document.

A "Farmer" shall be understood to mean one who resides permanently on his farm, working it himself, and deriving therefrom his principal and ostensible means of subsistence.

"Arrears" are any sums unpaid in respect of fines, compensation, fees, entrance money, stakes, subscriptions, forfeits, and a chase money in races with selling conditions.

The "time of entry" means the time fixed for closing.

The expression "disqualified person" includes—

(a) Every person who is warned off Newmarket Heath or other Courses.

(b) Every person whose name is in the Forfeit List or list of arrears officially notified by a recognised Turf authority of any country until the default is cleared.

(c) Every person who has been reported as a defaulter in bets under Part XXIV, until it has been officially notified that such default is cleared.

(d) Every person who has been declared by the Turf authorities of, or by the Stewards of any recognised meeting in, the United Kingdom or any other country to have been guilty of any corrupt or fraudulent practice on the Turf.

(e) Every person who has owned, trained, or ridden a horse for, or acted in any official capacity in connection with, any race in Great Britain not run under the Rules of Racing or the National Hunt Rules, and not specially exempted from the operation of these Rules, until the period for which he has incurred disqualification has expired.

(f) Every official trainer or jockey whose licence is withdrawn or withheld on the ground of misconduct.

"Ridden for Hire."—Professional huntsmen and whips, grooms, apprentices, and stable lads, also persons who are, or have been, employed as paid servants in hunting, livery, or horse-dealers' stables, and whose avocation is, or has been, the riding of horses in races or otherwise, are regarded as having "ridden for hire," and are professional riders for the purposes of these rules.

(2) These Rules apply to all meetings held under the sanction of the National Hunt Committee, and to all races run at such meetings, but, except as mentioned below, they do not apply to—

(a) Races at meetings confined to resident members of the Universities of Oxford and Cambridge.

(b) Yeomanry races confined to chargers and troop horses.

and held during the time of the annual training, under the Stewardship of the Commanding Officer.

(c) Point-to-Point Steeple-chases held under the control of the M.F.H. Association under a general licence granted annually by the Stewards of the National Hunt Committee to the M.F.H. Association, at which:

(1) No charge is made or allowed to be made at any gate, stand or enclosure for the admission of persons or vehicles.

(2) No Steeple-chase is of less distance than three miles.

(3) No money or other prize for the winner of any Steeple-chase shall be of greater value than 20 soys in all, except in cases where a Cup or other Trophy is given from a private source and specified in the conditions of the Steeple-chase.

Rules 14 and Rules 164 to 168 of these Rules shall, nevertheless, apply to any Point-to-Point Steeple-chases which are held under the control of the M.F.H. Association.

All other meetings, to which the public are admitted, not held under the sanction of the National Hunt Committee or other Turf authority, in the country, in which they are held are "unlicensed Meetings" and every horse which has run at such a Meeting is disqualified for all races under these Rules.

### PART II.

#### CALCULATION OF TIME.

2. A meeting shall be deemed to commence at ten in the morning on the day for which the first race is advertised, and to conclude at ten in the evening of the last day of the races.

3. When the last day for doing anything under these Rules falls on a Sunday, it may be done on the following Monday, unless a race to which such act relates is appointed for that day, in which case it must be done on the previous Saturday.

4. A "month" means a calendar month; a "day" means twenty four hours.

### PART III.

#### STEWARDS OF THE NATIONAL HUNT COMMITTEE, AND THEIR POWERS.

5. (1) The Stewards of the National Hunt Committee for the time being have full power to sanction or prohibit any meeting to which these Rules apply, or any alteration in the date of holding such a meeting, and to supervise and make such alterations as they may think advisable in the programme of, or the conditions of, any race at a meeting.

(2) They have also the following powers:

(a) To grant, withdraw, or suspend trainers' and jockeys' licences;

(b) To grant, withdraw, or suspend officials' licences, or to prohibit any person from acting in any official capacity in connection with a meeting;

(c) To investigate any case which appears to them to require their interference (whether or not referred to

them) by the Stewards of a Meeting, and to give a final decision thereon;

(d) To entertain and determine appeals from the Stewards of a Meeting, as provided by Part XXIII.;

(e) To receive reports from the Stewards of a Meeting, and other persons, as provided by these Rules, and to act thereon;

(f) To impose any fine not exceeding 50 soys, and to warn off any person from all Courses where these Rules are in force, for such period as they think fit;

(g) To generally exercise any of the powers specifically conferred upon them by, or which they may deem necessary for, the carrying out of, any of these Rules; and to authorize the publication in the "Racing Calendar" of their decisions respecting any of these matters.

(h) To modify or to suspend in cases of emergency or expediency any Rule or Regulation for such period or persons as they shall think fit without giving previous notice.

#### STEWARDS OF MEETINGS.

6. There must be at least two Stewards for every meeting, and each Steward may appoint a deputy at any time.

7. If only one Steward is present on any day of a meeting, the Clerk of the Course shall, before the running of the second race, request the Steward to appoint some person to act as a deputy Steward, and if no Steward is present, the Clerk of the Course shall appoint two or more deputy Stewards and shall notify conspicuously such appointment.

#### POWERS OF THE STEWARDS.

8. The Stewards of a Meeting have full power to make (and if necessary to vary) all such arrangements for the conduct of the meeting as they think fit, and subject to the provisions of Part V., to postpone any races for any time not later than the week following that for which they were originally fixed, and all nominations and subscriptions shall stand good as if the race had taken place on the day originally fixed.

9. The Stewards have control over, and they and the members of the National Hunt Committee have free access to, all stands, rooms, enclosures, and other places used for the purposes of the meeting.

10. The Stewards shall exclude from all places under their control every "disqualified person," and all such persons or description of persons as they may, from time to time be required, by the Stewards of the National Hunt Committee, to exclude.

11. The Stewards have power to regulate, control, take cognisance of, and adjudicate upon, the conduct of all officials, of all owners, nominators, trainers, riders, jockeys, and persons attendant on the race, and of all persons frequenting the Stands or other places used for the purposes of the meeting.

12. They have power to punish at their discretion any person

subject to their control with fine not exceeding 50 soys, and with suspension from acting or riding at the same meeting, and to report to the Stewards of the National Hunt Committee should they consider any further fine or punishment necessary. Any rider so suspended shall not ride in any race there or elsewhere during the continuance of the meeting.

13. The Stewards have power to determine all questions arising in reference to racing at the meeting subject to appeal under Part XXIII.

#### SETTING

14. The Stewards of the National Hunt Committee take no cognisance of any disputes or claims with respect to bets, nor shall the Stewards of a Meeting, as such, entertain any disputes relating thereto. But the Stewards of the National Hunt Committee will give effect to an official report of default made to them by the Committee of Tattersall's.

### PART IV.

#### OFFICIALS.

15. (1) One or more Inspectors of Steeple-chase Courses shall be annually appointed by, and will receive their instructions from, the Stewards of the National Hunt Committee.

(2) One or more general Receivers of Entries shall be annually licensed by the Stewards of the National Hunt Committee.

16. The following officials shall be appointed for every meeting, subject to the approval of the Stewards, viz., Clerk of the Course, Handicapper, Stakeholder, Clerk of the Scales, Starter, and Judge, each of whom, as a qualification to act at any of the Meetings set out in Appendix A, requires a licence to be granted annually by the Stewards of the National Hunt Committee.

At Meetings other than those set out in Appendix A, the Clerk of the Course and the Handicapper must obtain a licence before he can act.

No two offices, except those of Clerk of the Course and Stakeholder, shall be held by one person, unless by special permission of the Stewards of the National Hunt Committee.

No official whose licence has been withdrawn or refused will be eligible to act in any official capacity at any meeting.

17. In case of emergency, the Stewards may, during a meeting, appoint a licensed or unlicensed substitute to fill any of the above-named offices for that meeting only.

18. Every complaint against an official shall be made to the Stewards in writing, signed by the complainant.

#### CLERK OF THE COURSE.

19. The Clerk of the Course, or his authorised substitute, is the sole person responsible to the Stewards for the general arrangements of the meeting and the proper construction and maintenance of the Course and fences, and he shall see that the Course is properly measured and marked.

20. (1) The Clerk of the Course shall arrange for the publication, under the sanction of the Stew-

ards, of a daily official card of the races, containing the conditions of each race, as published in the "Racing Calendar," the names of the horses engaged, their pedigrees or descriptions, and such other particulars as are given in the entries, with a number attached to each. He shall also send a copy of each day's card to the Registry Office.

A horse may appear on the card in the name of the owner instead of that of the nominator, and the Stewards may, under special circumstances, grant permission for a horse to run in the name of some other person. The Clerk of the Course shall, in such latter case, make a report to the Registry Office, stating the grounds upon which the permission was granted.

(2) The Clerk of the Course shall see that at all Meetings where a charge is made for the admission of the public to the Paddock, all horses running at the Meeting shall be brought into the Paddock, and the attendants be provided with badges bearing numbers corresponding with those on the card, such badges to be displayed conspicuously upon the horses or their attendants. In the case of any horse not being brought into the Paddock, or a badge not being exhibited, the trainer shall be reported to the Stewards. Permission may be given by the Stewards, in exceptional circumstances, for a horse to be saddled away from the Paddock, but this shall not carry with it exemption from being brought into the Paddock after being saddled.

The Clerk of the Course shall, at once, make a return to the Registry Office, of any Deputy Steward or official appointed of a complaints to, and decisions of, the Stewards, of all fines inflicted, and of all horses sold or claimed; and matters so reported shall be published in the next available Racing Calendar, unless otherwise ordered by the Stewards of the National Hunt Committee.

(2) The Clerk of the Course shall have in his possession, for the information of the Stewards, a list of persons "warned off," and of suspended jockeys, and also a copy of the latest Monthly Forfeit List, and he shall not, under a penalty not exceeding 10 svs., allow any horse which, or the owner or nominator of which, is in the Forfeit List, to start for any race.

#### HANDICAPPER

(3) The Handicapper shall append to every handicap the day and hour from which winners will be liable to a penalty, and no alteration shall be made after publication except that, by express permission of the Stewards, a weight may be added, but a horse not fully entered, but whose name or weight has been omitted from the handicap.

(4) The top weight to be allotted in a handicap shall not be less than 12st 7lb, nor the lowest weight less than 11st, except in handicap races of less than three miles and a half or upwards, when the lowest weight may be 10st 7lb.

(5) The Starter shall not allow a rider to be weighed out

for any horse until such horse's entrance money and stake for that race, and the forfeits for every horse belonging to the same owner, or standing in his name, the jockey's fee, and any arrears claimed under Rule, have been paid, or the Stakeholder shall himself be liable: Provided that the Stakeholder shall not be liable for arrears in respect of a meeting elsewhere than at the place at which the race is run, unless notice of such arrears being overdue has been published in the Forfeit List, or delivered in writing, signed by the person claiming the arrears, to the Stakeholder and to the person indebted before ten o'clock in the evening preceding the race.

(6) The Stakeholder shall, at the expiration of fifteen days after the meeting, render an account and pay over all stakes and added money to the persons entitled, and at the same time notify at the Registry Office all arrears then unpaid, and one month before the publication of the next available Forfeit List he shall further notify at the Registry Office all arrears then remaining unpaid, for publication therein.

#### CLERK OF THE SCALES

(7) The Clerk of the Scales shall exhibit the number (as allotted in the official card) of each horse for which a rider has been weighed out and shall forthwith furnish the Starter with a list of such numbers, and the numbers shall not be taken down until the horses are started.

(8) If extra, or special weight be declared for any horse, such weight shall also be exhibited with the number, also any declaration to win, or alteration of colours.

(9) The Clerk of the Scales shall in all cases weigh in the riders of the horses placed by the Judge, and report to the Stewards any rider not presenting himself to be weighed in.

(10) He shall always put 4lb extra into the scale for each saddle and bridle race, and 2lb extra for National Hunt Flat Races and welter flat races, to prove that the horse has not carried too much weight.

(11) He shall at the close of each day's racing send a return to the Registry Office of the weights carried in every race, and the names of the riders, specifying over weight, if any.

#### THE STARTER

(12) The Starter shall give all orders necessary for securing a fair start. The horses must be started from a mark, and as far as possible, at the same, but the weight allotted at such reasonable distance behind the starting post as the Starter may think fit.

(13) Any rider misconducting himself at the post, or refusing to obey the commands of the Starter in any respect whatever, shall be reported to the Stewards.

(14) A start in front of the Starting Post, or on a wrong course, is void, and the horses must be started again.

#### THE JUDGE

(15) The Judge, or his authorised substitute, or Steward, must continue to ride in the race until the horses pass the winning post,

or the race must be run again. He must announce his decision immediately, and such decision shall be final, unless in objection to the winner, or any placed horses, is sustained: Provided that this Rule shall not prevent a Judge from correcting any mistake, such correction being subject to confirmation by the Stewards.

(16) The Judge shall, at the close of each day's racing, sign and send a report of the result of each race, to the Registry Office.

#### PART V.

##### REGULATIONS FOR RACE MEETINGS.

(17) All meetings under these Rules must be sanctioned by the Stewards of the National Hunt Committee, and for every meeting so sanctioned, and at which steeple-chases are to be run, there shall be paid at the Registry Office the following fees towards defraying the cost of inspection of Courses, when ordered by the Stewards aforesaid, and for other purposes, viz.: For a meeting not extending over more than two days 4 svs, and for every additional day's racing to be held over the same Course 2 svs, with a maximum of 10 svs in cases where five or more days' racing is to take place during the year.

(18) The conditions of every race before closing, and the full programme of every meeting, before it takes place, must be advertised in the Racing Calendar, and no alteration can be made in the conditions of any race after the last advertisement.

(19) This Rule shall not preclude the addition of more money to a race before the time of closing, or of a new race to the programme of a meeting subsequent to the publication of the last Calendar issued previous to the meeting being held.

(20) In the case of races advertised to close on the day prior to or during a Meeting there shall be no alteration as to the number of horses required to make a race.

(21) The advertisement must state that the meeting is to be subject to the National Hunt Rules, the days on which it is to be held, the dates for closing the stakes, the names of the persons to receive nominations and declarations of forfeit, a place or places for the entry of every race, the dates when the weights for the handicaps will be published and when forfeits are to be declared, and before the time fixed for closing (races for future years excepted) the names of not less than four nor more than six persons as Stewards, and the names (and in the case of unincorporated clubs, the addresses) of the Clerk of the Course, Handicapper, Stakeholder, Clerk of the Scales, Starter, and

(22) The Stewards of the National Hunt Committee may at their discretion prohibit the advertisement of any meeting or race in the Racing Calendar, or call upon the Stewards to alter or expunge any conditions, even after advertisement.

(23) At every meeting advertised to be run under these Rules—

(a) One-half at least of the

total amount guaranteed for prizes shall be apportioned to steeple-chases; but where more than one meeting is held at the same place during the current steeple-chase season the apportionment may be calculated over each meeting or all the meetings, provided that in such last-mentioned case no steeple-chase shall be of less value than 100 sovs to the winner. One welter flat race at each meeting may be exempted from the foregoing apportionment.

(b) There shall be in each day's programme at least two steeple-chases, one of which must be of three miles or up wards.

(c) In no case where the total amount guaranteed for prizes does not exceed 250 sovs per day shall there be more than two hurdle races in each day's programme.

But this Rule shall not apply in the case of Yeomanry races held during the annual training, and conjointly under Regimental and National Hunt Rules, the programmes of which have been submitted to, and approved by, the Stewards of the National Hunt Committee.

43. There shall be no race of less distance than two miles, except hurdle races confined to three years olds, which, from September 1st to December 31st inclusive, may be run over a minimum distance of one mile and a half.

44. In all Steeple-chase Courses (except at a "bona-fide Hunt meeting") there shall be:

(a) In the first two miles at least twelve fences, and in each succeeding mile at least six fences, in all cases exclusive of hurdles.

(b) For each mile at least one ditch six feet wide and two feet deep on the taking-off side of a fence, which ditch may be left open or guarded by a bank and rail not exceeding two feet in height, and which fence must be at least four feet six inches in height, and, if of dead brushwood or gorse, two feet in width.

(c) A water-jump at least twelve feet wide and two feet deep, to be left open or guarded by a fence not exceeding three feet in height.

[For the purpose of this Rule, the water-jump may be regarded as one of the fences prescribed by section (a).]

NOTE.—Not more than three feet of the minimum width of twelve feet of water can be allowed for shelving on the landing side; a minimum depth of two feet being maintained over the remaining nine feet. If a more gradual slope than can be obtained by appropriating three feet out of the twelve is desired, it must be at the expense of greater width of water than twelve feet.

45. In all Hurdle Race Courses there shall be not less than six flights of hurdles in the first one mile and a half, with an additional flight of hurdles for every quarter of a mile or part of one beyond that distance, the height of the hurdles being not less than

three feet six inches from the bottom bar to the top bar.

46. No hurdle race confined to horses that have been hunted shall take place at any meeting held under these Rules.

47. (a) No pony or galloway race shall take place at any meeting held under these Rules.

(b) There shall be no restrictions with regard to training stables in the conditions of any race.

ALTERATIONS OF DATES AND POSTPONEMENTS.

48. The following provisions apply to any alterations in the dates of holding a Meeting and to postponements—

(1) The date for holding a meeting cannot be altered without the sanction of the Stewards of the National Hunt Committee, unless the weather or ground be in an unfit state for running, when a meeting (other than one set out in Appendix A) or race may be postponed by the Stewards for any time not later than the end of the following week.

(2) In the case of Meetings set out in Appendix A, which (owing to the state of the weather, or ground being in an unfit state for running) cannot take place on the day or days originally fixed, the following special provisions shall apply—

(a) If the Meeting is of one day only it shall be abandoned.

(b) If of two or more days, the first day's programme may be postponed to the second day, and so until the period covering the original fixture has expired, when the remainder of the programme shall be abandoned.

(3) In all cases of postponements on the grounds above specified, a certificate must be drawn up stating the day and hour when the decision to postpone was arrived at, which shall not be before noon on the day preceding that on which the meeting or race has been advertised to take place, or to which it may have been previously adjourned; such certificate must be signed by two of the Stewards, or by one Steward and the Clerk of the Course, and at once despatched to the Registry Office.

## PART VI.

### OMITTED CONDITIONS.

49. When the weights are omitted from the conditions of any race, the horses shall carry 12st 7lb each, subject to penalties and allowances. If the horses be of different age, the weights shall be fixed by the sanctioned scale given in Appendix B.

50. When no course is mentioned it shall be as follows—

If for three years old, two miles.

If for four years old, two miles and a half.

If for five years old, three miles.

If for six years old or upwards, four miles.

If for horses of different ages, the course shall be fixed by the age of the youngest.

51. When no day is fixed for a race, it shall be run on the last day of the meeting, unless other-

wise agreed by all the parties engaged, and sanctioned by the Stewards.

## PART VII.

### SPECIAL CONDITIONS APPLICABLE TO HANDICAPS, PRODUCE RACES, AND SELLING RACES.

#### HANDICAPS.

52. If in a handicap steeple-chase of three miles and a half or upwards for which there is a minor forfeit declared by a fixed time, the highest weight accepting was originally less than 12st, it shall be raised to that weight; in all other handicaps, if the highest weight accepting was below 12st 7lb, it shall be raised to that weight. In all cases the weights for the other horses accepting shall be raised in proportion.

53. In handicaps there shall be no clause permitting an alteration of the weights after publication by the claim of a selling allowance.

#### PRODUCE RACES.

54. If the produce of a mare is dropped before the 1st of January, or if there is no produce, or if the produce is dead when dropped, the entry of such mare is void if it is declared by the time prescribed in the conditions; if twins are dropped, the nominator shall at the same prescribed time declare to which of them the engagement attaches.

#### SELLING RACES.

55. In a selling race, the lowest selling price shall in no case be less than 50 sovs.

56. (1) In all selling races the winner shall be offered for sale by auction immediately after the race, and the surplus, if any, over the entered selling price shall be equally divided between the owner of the second horse and the Race-fund. Any such sale by auction shall be subject to a right to bid for, or buy in, such horse on behalf of the seller.

(2) If sold, or bought in, the horse shall not leave the place of sale without the written permission of the Clerk of the Course, and a written order given for his delivery to the actual bidder, who alone shall be responsible for the price; and if the horse be not paid for, or the price secured to the satisfaction of the Clerk of the Course within a quarter of an hour, he may order the horse to be put up a second time, and the purchaser at the first sale shall be responsible for any deficiency arising from the second, and shall be treated as a defaulter until it is paid.

57. (1) All other horses starting may be claimed for the entered selling price, plus the value of the stakes or plate, by the owners of other horses running in the race, or for such owners, by their authorised agents, but no owner can claim a horse belonging to himself.

(2) Owners of horses placed, other than the winner, have priority of claim in order of their places, and if the owners of two or more horses, having equal rights, claim, they must draw lots; the owner of the winner has the last claim.

(3) No person can claim more than one horse.

(4) Every claim must be made in writing to the Clerk of the Scales within a quarter of an hour after the winner has weighed in, but subject to the Rules in cases of objection.

58. The price of every horse claimed must be paid to the Clerk of the Course, and a written order given by him for the delivery of the horse.

In the case of a horse being claimed, if the price be not paid before seven o'clock in the evening of the day of the race, the claimant forfeits his right. But the owner may insist on the claimant taking and paying for the horse, and if he refuse to do so, he shall be treated as a defaulter in respect of the price.

59. In selling races where a horse walks over, or there is no second horse placed, the winner is liable to be sold, and any surplus above the entered selling price will go to the fund.

60. In the cases hereafter mentioned, the following provisions as to claiming and selling shall apply—

(1) Where a horse is objected to—

(a) If such objection is made before the horse has been sold or delivered, the time for selling or delivering him shall be postponed until such time after the determination of the objection as the Stewards appoint.

(b) Where the objection is made and sustained after the horse has been sold or bought in, the sale or buying in, and any claim in respect of the horse placed second, shall be annulled, and all moneys paid thereunder returned. The horse disqualified shall be liable to be claimed as a beaten horse, and the Stewards shall fix a time for the exercise of such right of claiming, and a time and place for the sale of the horse adjudged to be the winner.

Should the Stewards find the above provisions impracticable, they shall make a report to the Registry Office.

(2) In the case of a dead-heat, the time for claiming or selling is postponed until the dead-heat is run off. In case of a division, each of the horses dividing is a winner for the purposes of the Rules relating to claiming or selling, and if an auction race, both shall be put up to auction, and any surplus shall be divided, half to go between those horses and half to the Race fund.

61. In all other races with selling conditions, only such horses as run to be sold shall be liable to be sold or claimed, but, with this exception, the foregoing Rules relating to selling races shall apply.

#### PART VIII. RACEHORSES.

##### AGE.

62. The age of a horse shall be reckoned as beginning on the 1st of January in the year in which he is foaled.

63. No horse shall run under four years of age for a steeplechase or National Hunt flat race, or for a hurdle race until the 1st

of September of the year in which he is three years old, nor for any race for which certificates from Masters of Hounds are required until the 1st of October of the year in which he is four years old.

##### NAMING AND REGISTERING HORSES.

64. A horse shall not start for any race under these Rules until he has been duly named and registered in accordance with the following sections of this Rule—

Any horse for which a name has been registered in the Stud Book or under the Rules of Racing shall, subject to the provisions of Rule 73, be run under the same name under these Rules, and no further registration will be required.

(1) A name can only be claimed for a horse by application at the Registry Office, in London, when the following particulars must be given—

(a) If the horse is thoroughbred, by stating his pedigree, age, sex, and colour.

(b) If the horse is not thoroughbred, or his pedigree cannot be traced in the Stud Book, by stating his age, sex, colour, and any marks by which he can be identified, also such pedigree as is known, together with particulars as to where, when, and from whom he was purchased or obtained. In all cases, such pedigree or description must be given as will clearly identify the horse from all others.

(2) When a name has been claimed as above, it will, if there is no other horse of the same name, other than a gelding that has not run during the preceding five years, be registered and published in the next available Sheet Calendar, and will, from the date of publication, be the horse's name under these Rules.

(3) When a name has been registered, any other horse for which the same name is afterwards claimed, or which has been entered elsewhere than in Great Britain under the same name as one already registered, must be distinguished by a numeral II, III, &c., and the name with the numeral will thereafter be his name under these Rules.

(4) If the same name be simultaneously claimed for two or more horses, the order of priority shall be determined by ballot at the Registry Office.

##### DISQUALIFICATIONS OF HORSES.

65. (1) No horse—

(a) which has run at an unrecognised meeting in the United Kingdom or any other country, or

(b) which is nominated by, or is wholly or partly the property of, a "disqualified person," or

(c) which is in the Forfeit List or list of arrears officially notified by a recognised Turf authority of any country, or

(d) which is the property of a partnership, sold with contingencies, leased, or the subject of any other joint arrangement, unless such partnership, sale, with contingencies, lease, or other joint arrangement, has been registered in accordance with the Rules relating to

partnerships and other joint interests, or

(e) which is in any way under the care, training, management, or superintendence of a person whose name has been twice published in the Racing Calendar as being in the Forfeit List, or as being warned off, or of a person to whom notice of "warning off" under Part XXIV, in respect of default in bets, shall have been sent from the Registry Office; provided that, in such latter case, fourteen days shall have elapsed since the date of such notice.

is qualified to be entered or start for any race under these Rules.

(2) (a) No horse not duly entered, or in whose entry any mis-statement, omission, or error has occurred, and has not been corrected on payment of a fine as hereinafter provided, or which is not qualified according to the conditions of the race.

(b) No foreign horse, until the certificates required by these Rules have been deposited at the Registry Office.

(c) No horse, in whose winnings in such race any disqualified person has any interest, and

(d) No horse not duly named and registered in accordance with the Rule in Part VIII, is qualified to start for any race under these Rules.

Provided always that if in any of the cases occurring under subsections (1) or (2), any such horse has not been allowed to be entered and start for any race, it may be declared disqualified after such race as hereinafter provided.

(3) The following horses shall also be disqualified under these Rules—

(a) Any horse ridden by a "disqualified person," or by a person not qualified according to the conditions of the race.

(b) Any horse whose owner, trainer, or rider, is disqualified by reason of his having run or ridden a horse at, or acted in any official capacity in connection with, any unrecognised meeting or race.

(c) Any horse with regard to which any infringement of these Rules as to weighing, riding, or running, has occurred, entailing disqualification.

66. Any horse which has been the subject of fraudulent practice, may at the discretion of the Stewards of the National Hunt Committee be disqualified for such time and for such races as they shall determine.

67. The Stewards may either—

(1) Themselves call for proof that any horse is not disqualified, and at any time order an examination by such person or persons as they think fit of any horse entered, or which has run in a race, or

(2) On objection made to them in accordance with the provisions of Part XXIII decide whether any horse is disqualified.

If the Stewards come to the conclusion that any grounds of disqualification are proved, or that any objection made as aforesaid is valid, they may declare the

horse to be disqualified; such horse will then either be unable to start, or, if the race has been run, and he has won, or been placed, he will be regarded as having finished last, and the other horses shall take positions accordingly.

#### FOREIGN HORSES.

68. (1) A horse foaled out of the United Kingdom shall not be qualified to start for any race until there has been deposited at the Registry Office, and a fee of 5s. paid on each certificate.

(a) A foreign certificate stating the name (if any), age, sex, pedigree, and colour of the horse, and any marks by which it may be distinguished, signed by the Secretary or other officer of a racing club of the country in which the horse was foaled: approved by the Stewards of the National Hunt Committee, or by some magistrate, mayor, or public officer of that country prescribed by them.

(b) A certificate of age, signed by a Veterinary Surgeon in the United Kingdom, approved for this purpose by the Stewards of the National Hunt Committee, either by general order or in the particular case, and who is not the owner, part-owner, or trainer of the horse.

(2) The Stewards of the National Hunt Committee may also require any further proof or confirmation in any particular case, and may declare any horse disqualified in default thereof.

(3) A horse which has been out of the United Kingdom (otherwise than as a foal at the foot of his dam), before having run in Great Britain, shall not be qualified to start for any race under these Rules until such a certificate of age has been deposited at the Registry Office.

#### PART IX.

##### ENTRIES, SUBSCRIPTIONS, DECLARATIONS OF FORFEIT, AND ACCEPTANCES FOR RACES.

69. (1) Every entry shall close to a licensed Receiver of Entries, and every declaration of forfeit or of acceptance shall be fixed to be made, at 10 p.m. upon a Tuesday only, except in the case of races closing on the day prior to or during a meeting; entries may, nevertheless, be advertised to be made to a person other than a licensed Receiver up to such time on the day prior to the closing of the race as will enable them to be lodged at the Registry Office in London in accordance with the provisions of Rule 71 (1) (b).

(2) Entries, other than those for races closing on the day prior to or during a meeting, may in all cases be made direct to the Registry Office in London, notwithstanding that it may not have been so stated in the advertisement in any particular case.

(a) Entries for handicaps the weights for which are to appear during the week of the meeting, shall close at least twenty-four hours before the weights are to be published.

70. The list of entries shall be closed at the advertised time, and no entry shall be admitted on any ground after that time, but an

entry or subscription may, before the time of closing, be altered or withdrawn.

71. All entries made in Great Britain, elsewhere than at the Registry Office in London, shall be lodged at that Office as hereinafter provided—that is to say:

1. (a) Entries which have been made to a licensed Receiver shall be lodged within twenty-four hours, or, if intended for publication in the next Calendar, within twelve hours of the advertised time of closing of the race.

(b) Entries which have been made under the provisions of Rule 69 (1) to a person other than a licensed Receiver shall be lodged by 10 a.m. on the day of closing of the race.

(c) Entries for races which have closed on the day prior to or during a meeting shall be lodged at the conclusion of that meeting.

(2) A list of all entries received at the Registry Office of the Irish National Hunt Steeple-chase Committee, or of any foreign Turf Authority recognised by the National Hunt Committee, shall be lodged within forty-eight hours of the time of closing of the race, or so soon after as is practicable in the particular case.

In default of observance of this rule, the Receiver of Entries shall be reported to the Stewards of the National Hunt Committee, and unless the nominator can prove to their satisfaction that the entry was made in due time it shall be void.

72. (1) All entries, except those for races confined to a particular Regiment or specified Hunt, and those for races of a purely local nature, shall, when possible, be published in the Sheet Calendar before the race is run, and in all cases where the entries are not published, the Clerk of the Course shall forward a list of them to all persons having horses engaged.

(2) All entries for handicaps for which the weights are to appear before the week in which a meeting is to be held must be in the Sheet Calendar at least one week before the weights are to be published.

(3) The weights for all handicaps, other than those closing on the day prior to or during a Meeting, shall be published in the Sheet Calendar at least four clear days before the day of the race.

73. In any race where there shall be any particular conditions required as a qualification to start, such conditions shall extend to the time of starting.

74. (1) Entries shall be made in writing, signed by the owner of the horse, or his authorised agent, and declarations of forfeit in like manner by the owner of the engagement, or his authorised agent, but subject to the Rules relating to sales with engagements.

(2) (a) An entry made by telegraph shall be equally binding, but must be confirmed in writing before the rider is weighed out, or the owner shall be fined 5 sovs.

(b) A declaration of forfeit made by telegraph is binding, but shall be confirmed in writ-

ing at the earliest opportunity, or the forfeit shall not be saved.

#### FORM OF ENTRY OR NOMINATION.

75. A horse cannot be entered in the real or assumed name of any person as his owner unless that person's interest or property in the horse is at least equal to that of any other one person, and has been so registered.

76. The entry shall be in the name, or registered assumed name, of the person, and shall state the name, or registered assumed name, of the owner, the registered name of the horse (subject to the provisions of the following rule), and the age he will be at the time of the race.

77. In entering for any race under these Rules, a horse which has not been registered (see Rule in Part VIII.), he shall be described by stating a name, the age he will be at the time of the race, the colour (when possible), and whether a horse, mare, or gelding, and the Calendar or Stud Book names of his sire and dam. If the dam was covered by more than one stallion the names of all must be stated. If the sire or dam has no name in the Calendar or Stud Book, such further pedigree and description must be added as will clearly distinguish the horse entered from all other horses, and if the pedigree of the sire or dam be unknown, such further particulars as to where, when, and from whom the horse was purchased or obtained must be given as will identify him.

78. Whenever the name of a horse which has run at any recognised meeting in any country is changed, his old name, as well as his new one, must be stated in every entry, and the change has been published in two Sheet Calendars, and a fee of 5 sovs paid.

79. In the event of a horse being entered for a race with the wrong age, or an incorrect or imperfect description according to the Rules of entry, such error or omission may, if accidental, be corrected on payment of a fine of 2 sovs if the race be of less advertised value than 100 sovs, or 5 sovs in any other case; provided always, that the identity of the horse be satisfactorily proved, and that the correction be made and the fine paid before the horse's number is exhibited for that race.

80. No other alteration or addition shall be made in any entry after the time fixed for closing, except when the name of the horse has been changed, or an assumed name of the nominator has been abandoned.

81. A subscriber to a race may transfer the right of entry under his subscription to any other person.

82. Subscriptions and all entries, or rights of entry under them, become void on the death of the subscriber, and entries (except such as are made under another person's subscription) become void on the death of the persons in whose names they are made.

83. If either party to a match die, the match is off.

84. An acceptance for a free handicap shall be considered as equivalent to an entry, but if the horse be wrongly described the acceptance shall be void.

97 In the absence of special agreement (duly lodged at the Registry Office) to ride for a lower sum, the fee to a winning jockey

of a steeple-chase or hurdle race of the value of 85 sovs or upwards to the winner (calculated as in Part XVI.) or upwards shall be 10 guineas, and to a losing jockey 5 guineas; in all other races the fee shall be 5 guineas and 3 guineas respectively, and no further charge shall be made except when requested to leave home for the purpose of riding in which case the cost of travelling expenses, and £1 a day for living, may be charged to the owner, or divided between the owners at whose request he left home.

In the case of a dead-heat, if the owners divide, each jockey shall be paid a winning fee. In case of a run off, no additional fee shall be paid; but when either horse is ridden by a fresh jockey, the rider on each occasion is entitled to the prescribed fee.

All jockeys' fees shall be paid to the Stakeholder at the same time as the stakes, except under a special agreement lodged as hereinbefore provided.

Every jockey sending in a charge for expenses at a meeting shall state at the same time what charge has been made to other owners for attending the same meeting.

#### TRAINERS AND STABLE LADS.

98. (1) Every trainer shall obtain a licence from the Stewards of the National Hunt Committee before a horse trained by him in Great Britain runs for any race (other than a bona fide Hunt Meeting) under these Rules. Such licence must be renewed annually on January 1, and a fee of 1 sov paid to the Rendlesham Benevolent Fund.

Any trainer running a horse without having obtained a licence shall be fined or declared a "disqualified person" at the discretion of the Stewards of the National Hunt Committee.

N.B.—For the purpose of this Rule "trainer" shall be understood to mean any person who has had under his care, training, management, or superintendence for more than the fourteen consecutive days prior to the day of the race a horse belonging wholly or in part to another person.

(2) No trainer shall engage any stable servant who has previously been in a training stable without referring to his last employer and receiving a satisfactory reply in writing.

(3) Any trainer infringing this Rule and continuing to employ such servant after notice has been served on him by the late employer, or through the Registry Office, shall be reported to the Stewards of the National Hunt Committee.

(4) Any servant prevented by this Rule from obtaining or retaining employment shall have the right of appeal to the Stewards of the National Hunt Committee.

#### PART XIII.

##### RACING COLOURS.

99. Racing colours may be registered either annually, on payment of 5s., or for the life of the person registering, on payment of 2 sovs.

All disputes as to the right to particular colours shall be settled by the Stewards of the National Hunt Committee.

100. Any person running a horse in colours other than those registered in his own or assumed name, without a special declaration overnight to the Clerk of the Course (at a time to be prescribed) shall be fined not less than 1 sov. nor more than 10 sovs.

A special declaration is also required where the owner is not the nominator.

#### PART XIV.

##### ENTRANCE MONEY, STAKES, FORFEITS AND ARREARS.

101. Entrance money, stakes, forfeits, and arrears, must be paid in cash (if so required) to the Clerk of the Course or authorized Stakeholder, and entrance money must (if so required) be paid at the time of entry.

No entrance money or forfeit to any fund but that devoted to horses running in the race shall exceed 5 per cent. on the added money, or value of other prize. Entrance fees, subscriptions, stakes, and forfeits shall be in pounds only.

102. The nominator is liable, as well as every partner in the horse at the time of nomination, for the entrance money and stake or forfeit. A person making a wrong nomination is equally liable, but where a horse has been accidentally entered for a race for which he is not qualified, he may be withdrawn on payment of a fine, in lieu of forfeit, of 5 sovs. at any time before the race, the fines under this Rule to go as the forfeits.

A subscriber to a sweepstakes is liable for the stake or forfeit, but if he transfers the right of entry to any other person, he is liable only in case of default by the transferee.

103. A person taking an entry under another person's subscription, whose forfeit must be declared by a particular time, shall, if he do not declare forfeit by that time be considered to have taken the engagement upon himself, and it shall be transferred to his name.

104. Every horse whose number has been exhibited shall be liable for his whole stake.

105. A rider shall not be weighed out for a race unless there have been previously paid (1) any stake, forfeit, entrance money, or fee payable by the owner or nominator in respect of that race; (2) all arrears due for the horse, or from his rider, or due for the same or any other horse from any person by whom such horse is wholly or partly owned, or in whose name or under whose subscription he is entered; and (3) the jockey's fee.

#### PART XV.

##### THE UNPAID FORFEIT LIST.

106. An Unpaid Forfeit List shall be kept at the Registry Office, and shall be published annually in the Sheet Calendar. It shall include all arrears which have been notified by the Stakeholder or any recognised meeting in the United Kingdom, or as otherwise provided

under these Rules, and shall state the real name or names, and also the assumed name or names (if any) of the persons for whom, and the horses (if any) in respect of which the same are due. "Arrears" which have been so published must be paid direct to the Registry Office, and until so paid shall not be removed from the list.

107. Where a person is prevented by these Rules from entering or starting a horse for any race without paying arrears, for which he would not otherwise be liable, he may, by paying the same, enter or start the horse and place the arrears on the Forfeit List as due to himself, and in like manner the seller of a horse with engagements may, if compelled to pay them by the purchaser's default, place the amount on the forfeit list as due from the purchaser to himself.

108. So long as the name of a person is in the Forfeit List, no horse can be entered by him, or under his subscription, for any race, whether acting as an agent or otherwise, nor can any horse be ridden by him for any race, and no horse which has been entered by him, or in his name, or under his subscription, or of which he is, or was at the time of entry wholly or partly the owner, can run for any race; and no horse which shall be proved to the satisfaction of the Stewards to be directly or indirectly under the care, training, management, or superintendence of a person whose default has been twice published in the Racing Calendar, shall be qualified to be entered or run for any race, and so long as any horse is in the Forfeit List such horse shall not be qualified to be entered or run for any race. The disabilities under this Rule extend to all arrears officially notified by a recognised Turf authority of any country.

109. A corrected alphabetical Index of the horses and owners in the last Forfeit List shall be published in the first Calendar of every month. Such monthly list shall commence not less than three years before the time at which it is published, and shall be carried down to, and include, the latest Forfeit List which has been published in the Sheet Calendar as above mentioned.

110. If a horse which, or the owner of which, is in the Forfeit List be entered for any race, the nominator of such horse shall be liable to a fine not exceeding 50 sovs.

#### PART XVI.

##### WEIGHTS, PENALTIES, AND ALLOWANCES. WEIGHTS.

111. (1) Except in cases where the rider's allowance, as provided by Rule 121, is claimed, no horse shall carry less than 10st in a hurdle race or steeple-chase (except in a handicap steeple-chase of three miles and a half, or upwards, when the lowest weight may be 9st 7lb), nor less than 10st 7lb in a National Hunt flat race.

(2) Catch weights are only permissible for matches, private sweepstakes, and races at bona fide Hunt Meetings.

## PENALTIES.

112. In framing the conditions of a plate or sweepstakes other than a handicap, penalties may be imposed, or allowances given, according to the number of races a horse may have won, irrespective of value, but where they are to be calculated according to the value of prizes won, no account shall be taken of any race of less value than 100 sovs clear to the winner.

113. In estimating the amount a horse has won in any one or more races, account shall be taken of Cups or moneys, whether derived from stakes, bonus, or any other source, gained by him in steeplechases, hurdle races, and National Hunt flat races, in any country, of the value of 20 sovs or upwards, but in the case of welter flat races, only of winnings in such races and in others to which the "Rules of Racing" apply, deducting only his own stake and entrance. Winnings during the year shall include all prizes from the 1st of January preceding, to the time appointed for the start, and winning shall include dividing, walking-over, or receiving forfeit.

A Challenge Cup is not estimated in the value of a race until it is finally won, provided the sweepstakes or added money amount to 20 sovs or upwards, but when won outright the winner must carry a penalty in respect of the full value of the Cup and money prize.

Penalties for winning a fixed sum shall be understood to mean for winning it in one race unless specified to the contrary.

114. No horse shall carry extra weight for having run second, or for a lower place in a race.

115. Extra weight shall not be incurred in respect of matches or private sweepstakes.

116. Penalties are not cumulative unless so declared by the conditions of the race.

117. In all cases where the conditions of races impose penalties for having won one or more races, there shall be no exceptions in respect of selling races.

118. When any race is in dispute, both the horse that came in first and any horse claiming the race, shall be liable to all the penalties attaching to the winner of that race until the matter be decided.

[For penalties on dividing after dead-heat, see Part XX.]

119. All penalties and allowances which are to be calculated according to the value of prizes won, shall be calculated according to the value of each race as reported in the "Racing Calendar."

## ALLOWANCES.

120. No horse shall receive allowance of weight, or be relieved from extra weight, for having been beaten in one or more races; provided that this Rule shall not prohibit maiden allowances or allowances to horses that have not won within a specified time, or races of a specified value.

121. All riders who have not won ten steeplechases, hurdle races, or National Hunt flat races collectively under any recognised Rules in any country, shall be entitled to

an allowance of 5lb in all races in which the total amount guaranteed by the Race Fund for prizes (with out deduction of entrance fee) does not exceed £300, except races confined to such riders. For the purposes of this Rule races won at bona fide Hunt Meetings shall not be taken into consideration, nor shall the allowance be taken in such races unless specially provided by the conditions of any particular race.

122. Allowances are cumulative unless otherwise specified.

123. No horse shall be entitled to allowance of weight for being half-bred.

## PART XVII.

## WEIGHING OUT, EXHIBITING NUMBERS, &amp;c.

## THE WEIGHING ROOM.

124. No person shall, without special leave from the Stewards, be admitted to the weighing-room, except Members of the National Hunt Committee, the owner, trainer, and rider, or other person having the care of a horse engaged in the race, and any person refusing to leave shall be reported to the Stewards.

## WEIGHING-OUT.

125. Each rider must be weighed for a specified horse by the Clerk of the Scales, at the appointed place, not less than a quarter of an hour before the time fixed for the race, and the numbers shall then be exhibited as soon as possible. In exceptional cases, or where the delay of a previous race has rendered punctuality impossible, the Stewards may extend the time allowed for weighing, declaring weight, and for exhibiting the numbers.

Every horse must be ridden in front of the stand before going to the post. Should the Stewards be satisfied that after reasonable endeavour a jockey is unable to comply with this regulation, they may exempt him from doing so, in which case the Clerk of the Course shall report to the Registry Office the full circumstances under which the exemption was granted.

(2) When the numbers have been exhibited, no alteration or addition can be made without the leave of the Stewards, whose reasons for such permission shall be reported at the Registry Office.

Should any horse not start whose number has been exhibited, the owner and any other person responsible may be fined, or otherwise dealt with, at the discretion of the Stewards.

126. Each horse for which a rider presents himself to be weighed out shall be required to carry a saddle-cloth bearing a number corresponding with the horse's number upon the race card. A clean cloth, of a pattern approved by the Stewards of the National Hunt Committee, shall be supplied to the rider at the time of weighing out; it must be put into the scale and included in the rider's weight, and, immediately after weighing in he must deliver it up to the person appointed to receive it.

Any rider who fails to comply with this Rule shall be liable to

a fine of 2 sovs to be equally divided between the Rendlesham Benevolent Fund and the Fund of the Meeting.

127. If a rider intends to carry over-weight, he must declare the amount thereof at the time of weighing out, or, if in doubt as to his proper weight, the weight he intends to carry.

128. It is optional for a rider to weigh out or in with his bridle, and the Clerk of the Scales shall, if requested, allow 1lb for a curb or double bridle, but if a horse run in a hood, muzzle, martingale, breastplate, or clothing, it must be put into the scale and included in the rider's weight.

129. No whip or substitute for a whip, plates, or anything worn on the horse's legs, shall be allowed in the scales either in weighing out or weighing in.

## PART XVIII.

## STARTING.

130. The horses must be started by the Official Starter or his authorised substitute.

131. Every horse must be at the post ready to start at the appointed time; any owner, trainer, or rider making default herein may be fined at the discretion of the Stewards a sum not exceeding 5 sovs.

132. All riders, on arrival at the starting-post, must immediately place themselves under the starter's orders, and no horse whose owner under his orders, shall go back, except in the case of an accident.

## PART XIX.

## RUNNING AND WALKING OVER, RENNING.

133. An owner running two or more horses in a race may declare to win with one of them, and such declaration must be made at scale. The rider of a horse with which the owner has not declared to win, must on no account stop such horse except in favour of the horse on whose behalf declaration to win has been made.

134 (1) A horse shall be disqualified if his rider, by foul riding, jeopardised the chance of success of any other horse in a race.

(2) In a National Hunt flat race a horse which crosses another in any part of the race is disqualified, unless it be proved that he was two clear lengths ahead of the other when he crossed, and if a horse or his rider jostle another horse or rider the aggressor is disqualified, unless it be proved that the jostle was wholly caused by the fault of some other rider, or that the jostled horse or his rider was partly in fault.

(3) In a steeplechase or hurdle race a horse is liable to be disqualified—

(a) if he or his rider jostle another horse or rider, unless it be proved that the jostle was wholly caused by the fault of some other rider, or that the jostled horse or his rider was partly in fault;

(b) if he crosses another horse at or in the run home from the last fence or hurdle, unless it be proved that he was

two clear lengths ahead when he crossed.

In all cases the Stewards have power to name a rider for any of the above offences a sum not exceeding 50 sovs, and of suspending him until the expiration of the meeting, or, should they consider such punishment insufficient, until the case can be heard and decided by the Stewards of the National Hunt Committee.

131. (1) If a horse run the wrong side of a post, he must turn back and run the course from such post.

(2) If a race has been run by all the horses at wrong weights, or over a wrong course or distance, or if the Judge, or his authorised substitute, or a Steward, is not in the box at the time the horses pass the winning post, the Stewards shall order it to be run again on the same day if practicable, if otherwise, the race shall be void.

#### WALKING OVER.

136. A walk-over shall in no case be deemed necessary. It shall be sufficient if a horse be weighed out for, mounted, and ridden past the judges' box he shall be the winner.

#### PART XX.

##### DEAD-HEATS.

137. Every horse running a dead-heat for the first place, shall be deemed the winner of the race until the dead-heat is run off or the owners agree to divide, and, if the owners agree to divide, each horse which divides shall be deemed a winner of the race, and liable to the penalty for the full amount he would have received if he had won.

138. (1) A dead-heat for the first place shall be run off on the same day at a time appointed by the Stewards, unless the owners agree to divide, or the distance of the race be over two miles, when the stakes shall be divided. The other horses shall be deemed to have been beaten, but they shall be entitled to their places (if any) as if the race had been finally determined the first time.

(2) In running off a dead-heat, the Rules as to declaration of overweight, weighing out, and weighing in, shall apply, but the same jockeys need not ride. No allowance can be claimed in the deciding heat unless it shall have been claimed in the original race.

(3) If, in running off a dead-heat, either horse should be disqualified, it shall be decided by the Stewards whether the disqualification shall extend to the loss of the second place, and, if so, the horse that was originally placed third, shall be entitled to the second place.

139. When a dead-heat is run for second place, and an objection is made to the winner of the race, if such objection be declared valid in time for the dead-heat to be run off on the day of the race, the Stewards may direct it to be run off accordingly; otherwise the horses which ran the dead-heat shall divide.

140. If a dead-heat be run by two or more horses for second or any lower place in a race, the owners shall divide, subject to the provisions of the last preceding Rule.

141. When owners divide they shall divide equally all the moneys or other prizes which any of them could take if the dead-heat were run off.

142. If the dividing owners cannot agree as to which of them is to have a Cup or other prize which cannot be divided, the question shall be determined by lot by the Stewards, who shall decide what sum of money shall be paid by the owner who takes such Cup or other indivisible prize, to the other owner or owners.

143. On a dead-heat for a match the match is off.

#### PART XXI.

##### WEIGHING IN.

144. Every rider must, immediately after pulling up, ride his horse to the place of weighing, dismount, and present himself to be weighed by the Clerk of the Scales. Provided that, if a rider be prevented from riding to the place of weighing by reason of accident or illness, he may walk or be carried to the scales.

145. If a rider do not present himself to be weighed in, or be short of weight, or be guilty of any fraudulent practice with respect to weight or weighing, or dismount before reaching the place of weighing, or touch (except accidentally) any person or thing other than his own equipments before weighing in, his horse is disqualified, unless he can satisfy the Stewards that he was justified by extraordinary circumstances.

146. If a horse carry more than four pounds over his declared weight for a steeple-chase or hurdle race, or two pounds for a National Hunt flat race or velter flat race, he is disqualified unless the Stewards be satisfied that such excess of weight has been caused by wet or mud.

147. If a rider be unable to draw his weight with one one-pound allowed for the curb or double bridle, he shall have the option of weighing in with his bridle; but no weight shall be allowed for a snaffle bridle unless it is put into the scales before the horse is led away.

#### PART XXII.

##### PRIZES.

148. The value of prizes not money must be advertised.

149. (1) Prizes, stakes, and forfeits in a race belong to the winner, except as otherwise declared in the conditions.

(2) In all races, should there be any surplus from entrance or subscription over the advertised value, it shall be paid to the owner of the second horse, but if the surplus exceed 50 sovs, two-thirds of the whole surplus shall go to the owner of the second horse and one-third to the owner of the third horse.

A race may be declared void provided the number of entries required by advertisement be not obtained, but the value of a prize once advertised shall not be reduced.

150. (1) Upon all Racecourses where three or more days' racing under these Rules are fixed to be held during the year, the advertised value of prizes for the win-

ner shall amount to at least 300 sovs per day, and upon all courses where six or more days' racing are to be held during the year the value of such prizes shall amount to at least 500 sovs per day.

(2) No plate or sweepstakes (other than a "bona fide Hunt Meeting") shall be run for the winner (calculated as in Part XVI) will amount to twenty sovs, nor, in cases where six or more days' racing under these Rules are fixed to be held upon any one course during the year, unless the advertised value for the winner will amount to at least 70 sovs, provided that, in such latter case, private sweepstakes, military races, or races confined to specified Hunts, may be run, although of less value than 70 sovs. In the case of a sweepstakes, if the value would amount to 20 sovs, or 70 sovs respectively, if the race were run by two or more horses, a horse may walk over, although he thereby receives a lesser sum.

151. When a sweepstakes has been so reduced by the death of subscribers that the payments to second or other horses, according to the conditions, would reduce the value, if run for, to less than 20 sovs, the winner shall receive a clear 20 sovs, and the balance only, if any, shall then be divided proportionately between the other horses entitled to participate in the stakes.

152. In all sweepstakes (private sweepstakes and sweepstakes, at a "bona fide Hunt Meeting" excepted) the second horse shall at least save his stake and entrance (if it is a prize), provided the winner does not thereby receive less than 20 sovs.

In all plates (except those at a "bona fide Hunt Meeting") a prize at least equal to the amount of his entrance money shall be provided for the second horse, and in all cases where such prize does not exceed the amount of the entrance money, it shall be provided as a separate donation from the race fund.

153. When a Cup (other than a Challenge Cup) or plate or any added money is advertised to be run for, it shall be given in the event of a walk over.

154. When a walk over (except after a dead-heat) is the result of arrangement by the owners of horses engaged, neither a Cup nor any portion of the advertised money shall be given, and the money shall be reported to the Stewards of the National Hunt Committee, who may give it or otherwise deal with them.

155. Any money or prize which by the conditions is to go to the horse placed second, or in any lower place, shall, if the winner has been placed second, etc., be dealt with as follows, namely:—

(1) If part of the stakes or plate, it shall go to the winner.

(2) If a separate donation from the Race fund, or any other source, it shall not be given at all.

(3) If entrance money for the race, it shall go to the Race fund of the meeting.

156. No deductions shall be made from the value of any race except such as are gained by other horses in the race, and except Clerks', stakeholding, and weighing fees, as fixed by Rule 157.

157. If a race shall be never run, or be void, stakes, forfeits, and entrance money shall be returned.

### PART XXIII.

#### DISPUTES, OBJECTIONS, APPEALS, ETC.

158. All disputes, objections, and appeals referred to or brought before the Stewards of the National Hunt Committee, shall be determined by them (three to form a quorum); if only two Stewards are present, they shall appoint a third person, being a member of the Committee, in lieu of the absent Steward, but they may call in any other members of the Committee to their assistance, or may, if they think the importance or difficulty of the case requires such a course, refer it to a General Meeting.

#### OBJECTIONS.

159. (1) Every objection shall be determined by the Stewards, but should no decision be given by them within seven days of an objection being lodged, the Clerk of the Course shall report the case to the Stewards of the National Hunt Committee, who may at their discretion decide the matter, and if they consider there has been any negligence order any additional expense arising therefrom to be defrayed out of the funds of the meeting at which the case occurred.

(2) The decision of the Stewards on any objection shall be subject to appeal to the Stewards of the National Hunt Committee through the Stewards of the meeting, and with their consent, and that of the Stewards of the National Hunt Committee, and not otherwise.

(3) Every objection shall be in writing, and must be signed by the owner of some horse engaged in the race, or by his authorised agent, trainer, or rider, and must be made to one of the Stewards, to the Clerk of the Course, or Clerk of the Scales; the objector shall, at the time he makes the objection, deposit in the hands of the Stakeholder the sum of 50s. which, if the case be decided against him, shall be forfeited to the National Hunt Fund, unless the Stewards shall certify that there was good and reasonable ground for the objection; and in the event of the objection being decided to be frivolous or vexatious, it shall be in the power of the Stewards to fine the objector the additional sum not exceeding 20s.

(4) An objection may also be made without deposit by a Steward or official of a meeting in his official capacity.

(5) An objection cannot be withdrawn without leave of the Stewards.

160. (1) If an objection to a horse engaged in a race be made not later than half-past two in the morning of the day of the race, the Stewards may require his qualification to be proved before the race; and in default of such proof being given to their satisfaction, they may declare him disqualified.

(2) An objection to any decision

of the Clerk of the Scales must be made at once.

(3) An objection to a horse, on the ground of a cross, jostle, or foul riding, or of his not having run the proper course, or of any other matter occurring in the race, or on the ground of any irregularity on the part of a rider at the scales or before weighing-in, must be made within a quarter of an hour after the winner has weighed in unless, under special circumstances, the Stewards are satisfied that it could not have been made within that time.

(4) An objection on the ground (a) Of non-registration of the name of a horse, or of misstatement, omission, or error in the registration, or in the entry under which a horse has run, or

(b) That the horse which ran was not the horse, or of the age, which he was represented to be at the time of entry, or that he, or his owner or rider, was not qualified under the conditions of the race, or

(c) That he has run in contravention of the Rules as to registration of partnerships, or other joint interests, or

(d) That he has run at any unrecognised meeting, or that his owner, trainer, or rider, is disqualified by reason of his having run or ridden a horse at, or acted in any official capacity in connection with, any unrecognised meeting, or race, may be received within four teen days of the conclusion of a meeting.

(5) An objection on the ground that a horse is disqualified by reason of any default entered in the Forfeit List, may be received with in six months after the race.

(6) An objection on the ground of carrying wrong weight, or on any other ground not specified in the foregoing sections of this Rule, must be made within forty-eight hours of the race being run, exclusive of Sunday, save in the case of fraud, or wilful misstatement, when there shall be no limit to the time for objecting.

161. All costs and expenses in relation to determining an objection of fraud, or wilful misstatement, or conducting an inquiry, and any reasonable compensation for lay incurred, shall be paid by such person or persons, and in such proportions, as the Stewards, or the Stewards of the National Hunt Committee, shall direct.

162. Pending the determination of an objection, any prize which the horse objected to may have won, or may win in the race, shall be withheld until the objection be determined, and any interest payable by the owner of any other horse shall be paid to, and held by, the Clerk of the Course for the person who may be entitled to it.

#### APPEALS.

163. When leave of appeal has been granted, the appellant shall forthwith notify in writing to the Registrar, Clerk of the Course, or the Clerk of the Course, or to the Clerk of the Scales, of his intention of appealing, and at the same time deposit the sum of 10s. or 10s. in full, except where fraud or wilful misstate-

ment is alleged, such notice and deposit must be received at the Registry Office within seven days of the decision of the Stewards having been given, or the appellant shall forfeit his right.

Should an appeal be decided to be frivolous or vexatious, the deposit shall be forfeited to the National Hunt Fund, or, if otherwise, returned to the appellant.

### PART XXIV.

#### DISQUALIFICATIONS OF PERSONS AND CORRUPT PRACTICES.

164. No "disqualified person" shall act as a Steward or in any other official capacity in relation to a meeting, nor nominate, enter, run, or ride any horse in any race under these Rules, and any horse so nominated, entered, run, or ridden by a "disqualified person" shall be disqualified.

165. Any person who owns, trains, or rides a horse for any race whatever in Great Britain not advertised to be run under the Rules of Racing or the National Hunt Rules, and not specially exempted from the operation of these Rules under Part I, or any person who acts in any official capacity in connection with such race, shall be disqualified from owning, training, or riding a horse for, or acting in, any official capacity in connection with, a race where the National Hunt Rules are in force, for twelve months from the date of such offence, or for such lesser time as the Stewards of the National Hunt Committee shall think fit, but this Rule shall not apply to—

(a) Pony or galloway races at meetings confined to pony or galloway racing.

166. (1) If any person shall administer, or cause to be administered, for the purpose of affecting the speed of a horse, drugs or stimulants internally, by hypodermic, or other methods;

(2) If any person corruptly give or offer, or promise directly or indirectly, any bribe in any form to any person having official duties in relation to a race or racehorse, or to any trainer, rider, or agent, or to any other person having charge of, or access to, any racehorse; or

(3) If any person having official duties in relation to a race, or if a trainer, rider, agent, or other person, having charge of, or access to, any racehorse, corruptly accept or offer to accept any bribe, in any form; or

(4) Wilfully enter or cause to be entered or to start for any race a horse which he knows or believes to be disqualified; or

(5) If any person be proved to the satisfaction of the Stewards of the National Hunt Committee to have surreptitiously obtained information respecting a trial from any person or persons engaged in it, or in the service of the owner or trainer of the horses tried, or respecting any horse in training from any person in such service, or

(6) If any person be guilty of, or shall conspire with any other person for the commission of, or shall connive at any other person being guilty of, any other corrupt or fraudulent practice in relation to racing in this or any other country.

Every person so offending shall be warned of all Courses where these Rules are in force.

167. If any person be reported by the Committee of Tattersall's, as being a defaulter in bets he shall be warned of as in the last Rule mentioned, so long as his default continues.

168. When a person is warned of all Courses where these Rules are in force, and so long as his exclusion continues, he shall not be qualified, whether acting as an agent or otherwise, to subscribe for, enter, run, or ride any horse for any race either in his own name or in that of any other person and any horse of which he is the nominator or is (or was at the time of entry) wholly or partly the owner, or which after the fact of his being warned of has been twice published in the Racing Calendar, shall be proved to the satisfaction of the Stewards to be, or to have been, directly or indirectly, under his care, training, management, or superintendence, shall be disqualified.

### PART XXV.

#### QUALIFICATION FOR NATIONAL HUNT FLAT RACES.

169. The following provisions apply to National Hunt Flat Races—

(1) A horse to qualify to run for a National Hunt Flat Race must have been placed by the Judge first, second, or third in a steeple-chase other than at a bona fide (Hunt Meeting) in Great Britain, after having jumped all the fences and completed the whole distance of the race to the satisfaction of at least two of the Stewards.

(2) The Clerk of the Course shall forward to the Registry Office a return, signed by such Stewards, of the names of all such horses.

(3) Such return, or in the case of a horse qualified in Ireland, a copy of the certificate required by the Irish National Hunt Steeplechase Rules to qualify a horse to run for a National Hunt Flat Race, signed by the Secretary and countersigned by a Steward of the Irish National Hunt Steeplechase Committee, must be lodged at the Registry Office one clear week before running.

(4) A qualification is invalidated by the disqualification of the horse for the race in which it was obtained.

(5) Horses for National Hunt Flat Races must be ridden by Qualified Riders. They cannot be handicapped, but (subject to the provisions of Rule 121) shall not carry less than 10st 7lb.

(6) There shall be no selling clause in the conditions of any National Hunt Flat Race.

(7) The provisions of Part XIX. as to running shall be in force in National Hunt Flat Races so far as applicable.

### PART XXVI.

#### SPECIAL RULES RELATING TO STEEPLECHASES AND HURDLE RACES.

170. (1) In steeplechases and hurdle races, any horse getting away from his rider may be remounted in any part of the field

or enclosure in which the occurrence took place, but should such horse not be caught until he shall have entered another field, then he shall be ridden or brought back to the one in which he parted from his rider. Any rider so losing his horse may be assisted in catching him and remounting him without the risk of disqualification; and in the event of a rider being disabled, his horse may be ridden home by any person of sufficient weight, provided he be qualified according to the conditions of the race. No penalty shall be exacted for carrying overweight in this instance.

NOTE.—In artificially constructed steeple-chase Courses, and in hurdle races, the spaces between the fences or hurdles are considered as fields or enclosures for the purposes of this Rule.

(2) If any flag, post, or boundary mark be placed in the Course or altered after the riders have been shown over the ground, or had the Course pointed out to them, it shall not be considered binding or of any effect unless such addition or alteration shall have been particularly named, previous to starting, to all the riders in the race, the Clerk of the Course, or by their representatives.

(3) If a horse refuse any fence, or hurdle, in a race, and it can be proved to the satisfaction of the Stewards that he has been led over it by any of the by-standers, or has been given a lead over by any horseman not riding in the race, the horse shall be disqualified.

(4) In all cases where the conditions of races require, as a qualification, the production (at scale or otherwise) of certificates from Masters of Hounds that horses have been hunted, it shall be sufficient if certificates to the required effect have been deposited at the Registry Office in London at least one clear week before the day of running, with a fee of 2s. 6d. for registration.

### PART XXVII.

#### FEES AND FINES.

##### FEES.

171. The Stakeholder shall be allowed to retain, out of the stakes in his hands, the following fees, viz.—

For every match, 1 sov.  
For every subscription, 5 sows, sweepstakes where the lowest forfeit amounts to 20 sovs. ½ per cent. on the whole stake, and on all other races 1 per cent., the minimum fee to be 1 sov.

172. There shall also be payable the following fees—

(1) For every entry a maximum Clerk's fee of 5s., to include weighing.

(2) On election or re-election as Qualified Rider, 1 sov.

(10) For registration of Masters of Hounds certificates, 2s. 6d.

(11) For a Trainer's licence, 1 sov (to the Rendlesham Benevolent Fund).

(12) For a Jockey's licence, 1 sov (to the Rendlesham Benevolent Fund).

##### FINES.

173. Except as otherwise provided, all fees and fines shall be paid to the funds of the National Hunt Committee.

### PART XXVIII.

#### NEW RULES.

174. No new Rule can be passed, nor can any existing Rule be rescinded or altered, without being previously advertised three times in the "Sheet Calendar," and without notice being given of the meeting of the National Hunt Committee at which it is to be proposed; and no new Rule, or repeal or alteration of a Rule, shall take effect until it has been twice subsequently published in the "Sheet Calendar." Any owner of racehorses or persons affected by such proposed new Rule, rescission or alteration, may, before it is made, petition the National Hunt Committee through the Secretaries. All such petitions shall be laid before the meeting before the question is put.

NOTE.—This shall not prevent the Stewards of the National Hunt Committee from exercising the special powers which they have under Rule 5 for the alteration or suspension of Rules and Regulations in cases of emergency.

## RULES ON BETTING.

### REVISED TO DATE.

1. Tattersall's Committee have authority to settle all questions relating to bets, to adjudicate on all cases of default and, at their discretion, to report defaulters and persons guilty of any malpractice to the Jockey Club.

2. In all bets there must be a possibility to win when the bet is made.

3. No betting "first past the post" will be recognised by either of the Committee.

4. All bets are *p.p.*—play or pay—with the following exceptions: 1. When the nominator dies before the decision of the race. 2. When the race is postponed to a future week, or the conditions are altered after the bets are made. 3. Bets on matches. 4. Bets made after the running numbers are officially placed on the number board about a horse that is not subsequently under the starter's orders.

5. If no objection is lodged within seven days of the race, exclusive of the day on which the race was run, bets go to the horse placed first by the Judge, and the settling, except in cases of fraud, shall not be disturbed. If an objection is made within the said time, bets go with the stakes. For the purpose of this rule Sunday is a *dies non*.

6. Bets made on one horse against another, or that one horse beats another, are determined if either of them should win. Bets made between horses 1, 2, 3 are determined by the places assigned by the Judge—unless agreed by the parties indispensable that both horses should start.

7. In the event of a dead-heat, and in "double events" if either is decided in the backer's favour and the other results in a dead-heat, the money betted must be put together and equally divided, except in the event of a dead-heat in a match, in which case bets are void. In "double events" if both horses backed run dead-heats the money betted must be put together and divided in the proportion of one-fourth to the

backer and three-fourths to the other any horse not returning to the post (by permission) in the case of a false start or breakaway are lost.

8. If a bet is made on one of the horses that runs a dead-heat against a beaten horse, and the owners agree to divide, he who backed the horse that ran the dead-heat wins half his bet. If odds are laid on one horse against another 1, 2, 3, and they run a dead-heat for either place, the money betted must be put together and equally divided.

9. If odds are laid without mentioning the horse the bet must be determined by the state of the odds at the time it was made. Bets made after a race that a horse will be disqualified stand, even if no objection be made.

10. Any bet made from signal or indication when the race has been determined shall be considered fraudulent and void.

11. All bets on matches and private sweepstakes depending between any two horses shall be void if those horses subsequently become the property of the same person, or of his avowed confederate.

12. Double and treble event bets are not determined until the second or the last event has been run, as the case may be.

13. Bets made on horses winning any number of races within the year shall be understood to mean between the 1st of January and the 31st of December.

14. Money given to have a bet laid shall not be returned, though the race be not run.

15. In the event of a race being ordered to be run over again, or of a false start or breakaway, after which the Stewards give permission for any horse or horses not to return to the starting post, starting price bets shall be regulated by the price current at the time the race was first run, or at the time when the false start or breakaway took place, as the case may be. Bets in favour of any horse which started on the first, but did not go to the post on the second occasion in the case of a race run over again, or in favour

any horse not returning to the post (by permission) in the case of a false start or breakaway are lost.

16. No bet can be declared off except by mutual consent, but on any allegation of fraud or corrupt practice the Committee may investigate the case and may declare the bet void. Either of the bettors may demand stakes to be made on proving to the satisfaction of the Committee, or any two of them, that he has just cause for doing so, and, if ordered, the bets must be covered or sufficient security given within the time specified in such order, in default whereof the bets will be off.

17. The Committee will not necessarily enforce the settlement of a compromised account. Before giving a decision they may require the books of the debtor and a statement of his accounts to be submitted to them; and they may order the account to be settled if they think a reasonable offer is made, and on such terms as they may decide.

18. If a debtor does not satisfy the claims of his creditors within twelve months, he shall not be entitled to receive any debts which may be due to him; but if he does so within such time, inclusive of the day when the money was won, the Committee will support his just claims to receive payment from his debtors.

19. If any extraordinary occasion should arise, or in cases of notorious and palpable fraud, any of the before-mentioned rules may be suspended by the Committee.

2 furlongs 10 poles and 4 yards, with a nearly straight run in of half a mile, rising slightly from the distance. The T.Y.C. is 5 furlongs and 2 poles, and straight. (A right-hand Course.)

**EGLETON PARK**—Is an oval Course, 1 mile 7 furlongs and 4 poles; it is almost flat, with the exception of a hill about half a mile from the winning post. The run in is nearly half a mile. There is a straight 6-furlong Course. (A right-hand Course.)

**EPSOM**—The Old Course, now seldom used, is of an irregular circular form, the first mile up hill. The old Derby Course (last used in 1847) is about a mile and a half, and somewhat in the form of a horseshoe; the first three-quarters of a mile may be considered as straight running, the bend in the Course being very trifling and the width very great; the next quarter of a mile is in a gradual turn, and the last half-mile straight. The first half-mile is on the ascent, the next third of a mile level, and the remainder is on the descent till within the distance, when the ground again rises. For the present Derby Course, (first used in 1872) the horses start at the New High Level Starting Post, and run into the Derby Course at the mile-post—this first half-mile is also slightly on the ascent. The distance is 1 mile 4 furlongs and 29 yards. The New Mile is 1 mile, nearly straight. The New T.Y.C. is the last 6 furlongs of the New Mile. The Egmont Course is 5 furlongs, straight. The Metropolitan Course is 2 miles 2 furlongs and 55 yards; for this race the horses start at the Winning-chair, and run the back way of the Derby Course as far as the road, when they turn to the right and go round the hill, coming into the Derby Course again about a mile from home. The City and Suburban Course is 1 mile 2 furlongs and 66 yards. (A left-hand Course.)

**FOLKESTONE** (Westenhanger Park).—The Course is 1 mile and 3 furlongs round, and is situate six miles from Folkestone on the main line of the S.E. Railway, who have provided an unboxing bay and station for passengers on the Course. The Straight Mile is an undulating one, and is 90ft wide. The shorter Courses are part of the Straight Mile. (A right-hand Course.)

**GATWICK**—The Mile Course is perfectly straight and almost level, 100ft wide; after the winning post it bends round a slight incline, and forms a long oval of 1 mile and 7 furlongs, joining the Straight Course at 5 furlongs. There is also a kite-shaped Course of 1½ miles, starting and finishing in front of the Stands. All races are run right-hand inside.

**GOODWOOD**—The Cup Course—The horses start at the Cup-post, go out to the westward of the Clump, and return to the east-

ward of the Clump, 2½ miles, on the upper Course.

The T.Y.C.—Is the straight three-quarters of a mile, upon which all T.Y.C. races are run, unless specified to the contrary.

The Old Mile—The horses start in the upper Course and run in on the lower turn.

The New Mile—The last mile of the Craven Course.

1¼ miles—¾ miles—and 2 miles, are run upon the Cup Course.

Craven Course, 1¼ miles—The horses start on the lower Course and come into the straight on the upper turn.

**HAYDOCK PARK**—Is an oval Course of about 1 mile 5 furlongs in circumference, 6 furlongs being perfectly straight, and nearly flat. It is of very old pasture of fine quality for racing. It is situate about 1½ miles and Newton and nearly mid-way (14 miles) between Manchester and Liverpool. A station adjoins the Course. (A left hand Course.)

**HURST PARK**—The Course is formed on Molesey Hurst, and within easy walk of Hampton Court. There is an oval Course of 1 mile and 3 furlongs in circuit and a straight Course over slightly undulating ground, 30ft wide, and a few yards short of a mile in length. (A right-hand Course.)

**KEMPTON PARK**—The Course, which is upwards of 300 acres in extent, is situate about one mile from the Hampton Station on the Thames Valley Railway and about 500 yards from the Sunbury Station on the same line. There is also a station on the Course, with a covered way to the Members' and Grand Stands. The Mile, or (old) "Jubilee" Stakes Course (which is on a splendid piece of turf and nearly flat) is about 100 yards wide in the first three furlongs, and the remaining portion of it is 30 yards wide at the narrowest point. The New ("Jubilee") Course is 1¼ miles; being an extension of the old "Jubilee" Course from the starting post of a quarter of a mile, straight. The Inner or Round Course is about 1¼ miles in extent. The T.Y.C. is 5 furlongs and 110 yards on the "Jubilee" Course. There is a six-furlong Course, perfectly straight. (A right-hand Course.)

**LEICESTER**—The Racecourse consists of about 270 acres of grass land, and is situate at Osby, two miles from the Leicester Railway (Midland) Station, and three-quarters of a mile from Wigston Junction on the same line. There are excellent roads, and approaches to the Course from all directions. It is oval-shaped, about 2 miles in extent. The Mile Course is perfectly straight. Immediately after leaving the starting post the Course is downhill for about three furlongs, then it rises gradually for three furlongs, and finishes on level ground. The T.Y.C. is on the last portion of the Mile Course. On the round Course the

turns are to the right. The Course has been well drained throughout.

**LEWES**—The Course is in the shape of a narrow horseshoe, at the extreme point of which is the starting post for two miles, the first part being a strong incline, then level for rather more than three-quarters of a mile to the T.Y.C. The latter, being five furlongs from home, has a slight ascent for a considerable distance from the starting post, then level for a couple of hundred yards, again an incline to opposite the stand, finishing on the level. The mile, mile and a half, etc., are parts of the Two-mile Course. The six-furlong, straight Course starts 30 yards back from the T.Y.C., and finishes at about the end of the paddock. All races are run right-hand inside.

**LINCOLN**—Is a circular Course of 1 mile 6 furlongs and 6 yards. The top side of the Course—furthest from the Stand has rather a strong hill for a little more than a quarter of a mile, and after passing the mile post there is a slight descent for a quarter of a mile. The remaining parts of the Course are level, with a straight run in of nearly half a mile. The New Course is rather more than 1 mile and perfectly straight. (A left-hand Course.)

**LINGFIELD**—The Course is about 400 yards from the Lingfield Station, which is nearly half-way between London and Brighton on the L.B. and S.C.R. The area is about 300 acres. The Straight Mile is on a slightly falling gradient from start to finish. The first four furlongs show an average decline of 1 in 76, and the last four furlongs show a decline of about 1 in 200. The Round Course intersects the Straight one at the four-furlong post, and about two furlongs from the winning post, forming a loop to the Straight Mile. This loop is for nearly half its length quite flat, but then rises with easy gradients to the summit of a slight hill. The turns are easy. This Course is used for flat races, exceeding one mile. All mile races on the Straight Course finish at a post 30 yards further on the Course than the one used for races of a shorter or longer distance. (A left-hand Course.)

**LIVERPOOL**—Is an oval Course of 1 mile 3 furlongs and 108 yards. The far side is gently declining, the other rising from the canal to the finish. The Cup Course is 1 mile and 3 furlongs. The Anchor Bridge Course is six furlongs. There is a straight run in of about 1000 yards. (A left-hand Course.)

**MANCHESTER**—The Racecourse is formed on 120 acres of the Castle Irwell Estate, in the borough of Salford, and is situate within two miles and a quarter of the Manchester Exchange, with excellent roads and approaches served by electric trams in every direction. The Course is nearly 1 mile and

three-quarters in circumference. The T.Y.C. is 6 furlongs straight and joins the round Course about the 5 furlong post. For the Cup Course (1 mile and a half with one easy bend of 2 furlongs) the horses start opposite the Club Stand. (A right-hand Course.)

**NEWBURY.**—A left-handed course 105ft wide; and the circular track is just 166 yards short of a mile in circumference, almost flat throughout, but there are slight undulations and a dip at the distance, the decent being more abrupt on the stand side than on the far rails. (A left-hand Course.)

**NEWCASTLE** (High Gosforth Park).—The Course is situate about four miles and a half from Newcastle. There is a mile Course, quite straight, of great width; and with a slight rise from start to finish—races over a mile are run round a loop of a mile and three-quarters in circumference, the turns being very easy. The short Courses are portions of the straight mile. (A left-hand Course.)

**NOTTINGHAM AND COLWICK PARK.**—Is an oval Course of 1 mile and a half and a few yards, with easy turns. This Course joins the straight mile rather more than half a mile from home. The straight Course is 1 mile and 100 yards in length. About 3 furlongs from home there is a slight ascent of about 200 yards, and then a gradual descent for the same distance; the remaining part of the mile is level. (A left-hand Course.)

**PONTEFRAC.**—The Course is in Pontefract Park, a magnificent piece of ground, containing upwards of 300 acres, and in close proximity to the town. The Course is an oval one, free from objectionable turns, of excellent turf, of great width in every part, and 2 miles 112 yards round. The last half-mile is slightly on the ascent. The Two Year Old Course is 5 furlongs. (Left-hand Course.)

**\*\* The Editor of this Volume wishes to call the especial attention of Subscribers and Readers generally to the system adopted throughout the book of consecutive numbering (an innovation upon the old system of page references), originating and first adopted in the Winter Edition of RUFF'S GUIDE for 1882, and further perfected in each subsequent issue. The advantages over the old system must be patent to every reader, as by its aid the most uninitiated could scarcely fail in readily finding any information he may require on all matters referring to our great National Sport.**

The following Table (the Racing Diary), simple and comprehensive, is in itself a perfect key to the racing events of the ensuing year, from which not only the dates of every Meeting are seen at a glance, but also the date and day of running of every race that has closed.

Further, should the reader require to know in what race or races any particular horse is engaged, he can, by turning to the Index, find the name of the animal and the numbers referring to its engagements; and then, by running the eye down the numbers in the Diary column, SEE AT ONCE, AND WITHOUT FURTHER REFERENCE, all the horse's engagements, and this in much less time than the same information could be ascertained from any other publication.

## THE RACING DIARY FOR 1921.

The following are the dates of fixtures and number of days allotted to each Meeting, and sanctioned by the Jockey Club, following in chronological order. This Table gives the names and days of running of the races that have closed for the year, distances, etc., each being numbered consecutively to correspond with the numbers given to the Nominations.

## SCALE OF WEIGHT FOR AGE.

THE FOLLOWING SCALE OF WEIGHT FOR AGE is published under the sanction of the Stewards of the Jockey Club as a guide to Managers of Race Meetings, but is not intended to be imperative, especially as regards the weights of two and three year olds relatively to the old horses in selling races early in the year.

It is founded on the scale published by Admiral Rous, and revised by him in 1873, but has been modified in accordance with suggestions from the principal trainers and practical authorities, and has been further revised recently.
